PROPOSED LAW

THE SCHOOLS AND LOCAL PUBLIC SAFETY PROTECTION ACT OF 2012

SECTION 1. Title.
This measure shall be known and may be cited as “The Schools and Local Public Safety Protection Act of 2012.”

SEC. 2. Findings.
(a) Over the past four years alone, California has had to cut more than $56 billion from education, police and fire protection, healthcare, and other critical state and local services. These funding cuts have forced teacher layoffs, increased school class sizes, increased college fees, reduced police protection, increased fire response times, exacerbated dangerous overcrowding in prisons, and substantially reduced oversight of parolees.
(b) These cuts in critical services have hurt California’s seniors, middle-class working families, children, college students, and small businesses the most. We cannot afford more cuts to education and the other services we need.
(c) After years of cuts and difficult choices, it is necessary to turn the state around. Raising new tax revenue is an investment in our future that will put California back on track for growth and success.
(d) The Schools and Local Public Safety Protection Act of 2012 will make California’s tax system more fair. With working families struggling while the wealthiest among us enjoy record income growth, it is only right to ask the wealthy to pay their fair share.
(e) The Schools and Local Public Safety Protection Act of 2012 raises the income tax on those at the highest end of the income scale—those who can most afford it. It also temporarily restores some sales taxes in effect last year, while keeping the overall sales tax rate lower than it was in early 2011.
(f) The new taxes in this measure are temporary. Under the California Constitution the 1/4-cent sales tax increase expires in four years, and the income tax increases for the wealthiest taxpayers end in seven years.
(g) The new tax revenue is guaranteed in the California Constitution to go directly to local school districts and community colleges. Cities and counties are guaranteed ongoing funding for public safety programs such as local police and child protective services. State money is freed up to help balance the budget and prevent even more devastating cuts to services for seniors, working families, and small businesses. Everyone benefits.
(h) To ensure these funds go where the voters intend, they are put in special accounts that the Legislature cannot touch. None of these new revenues can be spent on state bureaucracy or administrative costs.
(i) These funds will be subject to an independent audit every year to ensure they are spent only for schools and public safety. Elected officials will be subject to prosecution and criminal penalties if they misuse the funds.

SEC. 3. Purpose and Intent.
(a) The chief purpose of this measure is to protect schools and local public safety by asking the wealthy to pay their fair share of taxes. This measure takes funds away from state control and places them in special accounts that are exclusively dedicated to schools and local public safety in the state Constitution.
(b) This measure builds on a broader state budget plan that has made billions of dollars in permanent cuts to state spending.
(c) The measure guarantees solid, reliable funding for schools, community colleges, and public safety while helping balance the budget and preventing further devastating cuts to services for seniors, middle-class working families, children, and small businesses.
(d) This measure gives constitutional protection to the shift of local public safety programs from state to local control and the shift of state revenues to local government to pay for those programs. It guarantees that schools are not harmed by providing even more funding than schools would have received without the shift.
(e) This measure guarantees that the new revenues it raises will be sent directly to school districts for classroom expenses, not administrative costs. This school funding cannot be suspended or withheld no matter what happens with the state budget.
(f) All revenues from this measure are subject to local audit every year, and audit by the independent Controller to ensure that they will be used only for schools and local public safety.

SEC. 4. Section 36 is added to Article XIII of the California Constitution, to read:

Sec. 36. (a) For purposes of this section:
(1) “Public Safety Services” includes the following:
(A) Employing and training public safety officials, including law enforcement personnel, attorneys assigned to criminal proceedings, and court security staff.
(B) Managing local jails and providing housing, treatment, and services for, and supervision of, juvenile and adult offenders.
(C) Preventing child abuse, neglect, or exploitation; providing services to children and youth who are abused, neglected, or exploited, or who are at risk of abuse, neglect, or exploitation, and the families of those children; providing adoption services; and providing adult protective services.
(D) Providing mental health services to children and adults to reduce failure in school, harm to self or others, homelessness, and preventable incarceration or institutionalization.
(E) Preventing, treating, and providing recovery services for substance abuse.
(2) “2011 Realignment Legislation” means legislation enacted on or before September 30, 2012, to implement the state budget plan, that is entitled 2011 Realignment and provides for the assignment of Public Safety Services responsibilities to
local agencies, including related reporting responsibilities. The legislation shall provide local agencies with maximum flexibility and control over the design, administration, and delivery of Public Safety Services consistent with federal law and funding requirements, as determined by the Legislature. However, 2011 Realignment Legislation shall include no new programs assigned to local agencies after January 1, 2012, except for the early periodic screening, diagnosis, and treatment (EPSDT) program and mental health managed care.

(b) (1) Except as provided in subdivision (d), commencing in the 2011-12 fiscal year and continuing thereafter, the following amounts shall be deposited into the Local Revenue Fund 2011, as established by Section 30025 of the Government Code, as follows:

(A) All revenues, less refunds, derived from the taxes described in Sections 6051.15 and 6201.15 of the Revenue and Taxation Code, as those sections read on July 1, 2011.

(B) All revenues, less refunds, derived from the vehicle license fees described in Section 11005 of the Revenue and Taxation Code, as that section read on July 1, 2011.

(2) On and after July 1, 2011, the revenues deposited pursuant to paragraph (1) shall not be considered General Fund revenues or proceeds of taxes for purposes of Section 8 of Article XVI of the California Constitution.

(c) (1) Funds deposited in the Local Revenue Fund 2011 are continuously appropriated exclusively to fund the provision of Public Safety Services by local agencies. Pending full implementation of the 2011 Realignment Legislation, funds may also be used to reimburse the State for program costs incurred in providing Public Safety Services on behalf of local agencies. The methodology for allocating funds shall be as specified in the 2011 Realignment Legislation.

(2) The county treasurer, city and county treasurer, or other appropriate office shall create a County Local Revenue Fund 2011 within the treasury of each county or city and county. The money in each County Local Revenue Fund 2011 shall be exclusively used to fund the provision of Public Safety Services by local agencies as specified by the 2011 Realignment Legislation.

(3) Notwithstanding Section 6 of Article XIII B, or any other constitutional provision, a mandate of a new program or higher level of service on a local agency imposed by the 2011 Realignment Legislation, or by any regulation adopted or any executive order or administrative directive issued to implement that legislation, shall not constitute a mandate requiring the State to provide a subvention of funds within the meaning of that section. Any requirement that a local agency comply with Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code, with respect to performing its Public Safety Services responsibilities, or any other matter, shall not be a reimbursable mandate under Section 6 of Article XIII B.

(4) (A) Legislation enacted after September 30, 2012, that has an overall effect of increasing the costs already borne by a local agency for programs or levels of service mandated by the 2011 Realignment Legislation shall apply to local agencies only to the extent that the State provides annual funding for the cost increase. Local agencies shall not be obligated to provide programs or levels of service required by legislation, described in this subparagraph, above the level for which funding has been provided.

(B) Regulations, executive orders, or administrative directives, implemented after October 9, 2011, that are not necessary to implement the 2011 Realignment Legislation, and that have an overall effect of increasing the costs already borne by a local agency for programs or levels of service mandated by the 2011 Realignment Legislation, shall apply to local agencies only to the extent that the State provides annual funding for the cost increase. Local agencies shall not be obligated to provide programs or levels of service pursuant to new regulations, executive orders, or administrative directives, described in this subparagraph, above the level for which funding has been provided.

(C) Any new program or higher level of service provided by local agencies, as described in subparagraphs (A) and (B), above the level for which funding has been provided, shall not require a subvention of funds by the State nor otherwise be subject to Section 6 of Article XIII B. This paragraph shall not apply to legislation currently exempt from subvention under paragraph (2) of subdivision (a) of Section 6 of Article XIII B as that paragraph read on January 2, 2011.

(D) The State shall not submit to the federal government any plans or waivers, or amendments to those plans or waivers, that have an overall effect of increasing the cost borne by a local agency for programs or levels of service mandated by the 2011 Realignment Legislation, except to the extent that the plans, waivers, or amendments are required by federal law, or the State provides annual funding for the cost increase.

(E) The State shall not be required to provide a subvention of funds pursuant to this paragraph for a mandate that is imposed by the State at the request of a local agency or to comply with federal law. State funds required by this paragraph shall be from a source other than those described in subdivisions (b) and (d), ad valorem property taxes, or the Social Services Subaccount of the Sales Tax Account of the Local Revenue Fund.

(5) (A) For programs described in subparagraphs (C) to (E), inclusive, of paragraph (1) of subdivision (a) and included in the 2011 Realignment Legislation, if there are subsequent changes in federal statutes or regulations that alter the conditions under which federal matching funds as described in the 2011 Realignment Legislation are obtained, and have the overall effect of increasing the costs incurred by a local agency, the State shall annually provide at least 50 percent of the nonfederal share of those costs as determined by the State.

(B) When the State is a party to any complaint brought in a federal judicial or administrative proceeding that involves one or more of the programs described in subparagraphs (C) to (E), inclusive, of paragraph (1) of subdivision (a) and included in the 2011 Realignment Legislation, and there is a settlement or judicial or administrative order that imposes a cost in the form of a monetary penalty or has the overall effect of increasing the costs already borne by a local agency for programs or levels of service mandated by the 2011 Realignment Legislation, the State shall annually provide at least 50 percent of the nonfederal share of those costs as determined by the State. Payment by the
State is not required if the State determines that the settlement or order relates to one or more local agencies failing to perform a ministerial duty, failing to perform a legal obligation in good faith, or acting in a negligent or reckless manner.

(C) The state funds provided in this paragraph shall be from funding sources other than those described in subdivisions (b) and (d), ad valorem property taxes, or the Social Services Subaccount of the Sales Tax Account of the Local Revenue Fund.

(6) If the State or a local agency fails to perform a duty or obligation under this section or under the 2011 Realignment Legislation, an appropriate party may seek judicial relief. These proceedings shall have priority over all other civil matters.

(7) The funds deposited into a County Local Revenue Fund 2011 shall be spent in a manner designed to maintain the State's eligibility for federal matching funds, and to ensure compliance by the State with applicable federal standards governing the State's provision of Public Safety Services.

(B) The funds deposited into a County Local Revenue Fund 2011 shall not be used by local agencies to supplant other funding for Public Safety Services.

(d) If the taxes described in subdivision (b) are reduced or cease to be operative, the State shall annually provide moneys to the Local Revenue Fund 2011 in an amount equal to or greater than the aggregate amount that otherwise would have been provided by the taxes described in subdivision (b). The method for determining that amount shall be described in the 2011 Realignment Legislation, and the State shall be obligated to provide that amount for so long as the local agencies are required to perform the Public Safety Services responsibilities assigned by the 2011 Realignment Legislation. If the State fails to annually appropriate that amount, the Controller shall transfer that amount from the General Fund in pro rata monthly shares to the Local Revenue Fund 2011. Thereafter, the Controller shall disburse these amounts to local agencies in the manner directed by the 2011 Realignment Legislation. The State obligations under this subdivision shall have a lower priority claim to General Fund money than the first priority for money to be set apart under Section 1 of Article XVI and the second priority to pay voter-approved debts and liabilities described in Section 1 of Article XVI.

(e) (1) To ensure that public education is not harmed in the process of providing critical protection to local Public Safety Services, the Education Protection Account is hereby created in the General Fund to receive and disburse the revenues derived from the incremental increases in taxes imposed by this section, as specified in subdivision (f).

(2) (A) Before June 30, 2013, and before June 30 of each year from 2014 to 2018, inclusive, the Director of Finance shall estimate the total amount of additional revenues, less refunds, that will be derived from the incremental increases in tax rates made in subdivision (f) that will be available for transfer into the Education Protection Account during the next fiscal year. The Director of Finance shall make the same estimate by January 10, 2013, for additional revenues, less refunds, that will be received by the end of the 2012–13 fiscal year.

(B) During the last 10 days of the quarter of each of the first three quarters of each fiscal year from 2013–14 to 2018–19, inclusive, the Controller shall transfer into the Education Protection Account one-fourth of the total amount estimated pursuant to subparagraph (A) for that fiscal year, except as this amount may be adjusted pursuant to subparagraph (D).

(C) In each of the fiscal years from 2012–13 to 2020–21, inclusive, the Director of Finance shall calculate an adjustment to the Education Protection Account, as specified by subparagraph (D), by adding together the following amounts, as applicable:

(i) In the last quarter of each fiscal year from 2012–13 to 2018–19, inclusive, the Director of Finance shall recalculate the estimate made for the fiscal year pursuant to subparagraph (A), and shall subtract from this updated estimate the amounts previously transferred to the Education Protection Account for that fiscal year.

(ii) In June 2015 and in every June from 2016 to 2021, inclusive, the Director of Finance shall make a final determination of the amount of additional revenues, less refunds, derived from the incremental increases in tax rates made in subdivision (f) for the fiscal year ending two years prior. The amount of the updated estimate calculated in clause (i) for the fiscal year ending two years prior shall be subtracted from the amount of this final determination.

(D) If the sum determined pursuant to subparagraph (C) is positive, the Controller shall transfer an amount equal to that sum into the Education Protection Account within 10 days preceding the end of the fiscal year. If that amount is negative, the Controller shall suspend or reduce subsequent quarterly transfers, if any, to the Education Protection Account until the total reduction equals the negative amount herein described. For purposes of any calculation made pursuant to clause (i) of subparagraph (C), the amount of a quarterly transfer shall not be modified to reflect any suspension or reduction made pursuant to this subparagraph.

(3) All moneys in the Education Protection Account are hereby continuously appropriated for the support of school districts, county offices of education, charter schools, and community college districts as set forth in this paragraph.

(A) Eleven percent of the moneys appropriated pursuant to this paragraph shall be allocated quarterly by the Board of Governors of the California Community Colleges to community college districts to provide general purpose funding to community college districts in proportion to the amounts determined pursuant to Section 84750.5 of the Education Code, as that code section read upon voter approval of this section. The allocations calculated pursuant to this subparagraph shall be offset by the amounts specified in subdivisions (a), (c), and (d) of Section 84751 of the Education Code, as that section read upon voter approval of this section, provided that no community college district shall receive less than one hundred dollars ($100) per full time equivalent student.

(B) Eighty-nine percent of the moneys appropriated pursuant to this paragraph shall be allocated quarterly by the Superintendent of Public Instruction to provide general purpose
funding to school districts, county offices of education, and state general-purpose funding to charter schools in proportion to the revenue limits calculated pursuant to Sections 2558 and 42238 of the Education Code and the amounts calculated pursuant to Section 47633 of the Education Code for county offices of education, school districts, and charter schools, respectively, as those sections read upon voter approval of this section. The amounts so calculated shall be offset by the amounts specified in subdivision (c) of Section 2558 of, paragraphs (1) through (7) of subdivision (h) of Section 42238 of, and Section 47635 of, the Education Code for county offices of education, school districts, and charter schools, respectively, as those sections read upon voter approval of this section, that are in excess of the amounts calculated pursuant to Sections 2558, 42238, and 47633 of the Education Code for county offices of education, school districts, and charter schools, respectively, as those sections read upon voter approval of this section, provided that no school district, county office of education, or charter school shall receive less than two hundred dollars ($200) per unit of average daily attendance.

(4) This subdivision is self-executing and requires no legislative action to take effect. Distribution of the moneys in the Education Protection Account by the Board of Governors of the California Community Colleges and the Superintendent of Public Instruction shall not be delayed or otherwise affected by failure of the Legislature and Governor to enact an annual budget bill pursuant to Section 12 of Article IV, by invocation of paragraph (h) of Section 8 of Article XVI, or by any other action or failure to act by the Legislature or Governor.

(5) Notwithstanding any other provision of law, the moneys deposited in the Education Protection Account shall not be used to pay any costs incurred by the Legislature, the Governor, or any agency of state government.

(6) A community college district, county office of education, school district, or charter school shall have sole authority to determine how the moneys received from the Education Protection Account are spent in the school or schools within its jurisdiction, provided, however, that the appropriate governing board or body shall make these spending determinations in open session of a public meeting of the governing board or body and shall not use any of the funds from the Education Protection Account for salaries or benefits of administrators or any other administrative costs. Each community college district, county office of education, school district, and charter school shall annually publish on its Internet Web site an accounting of how much money was received from the Education Protection Account and how that money was spent.

(7) The annual independent financial and compliance audit required of community college districts, county offices of education, school districts, and charter schools shall, in addition to all other requirements of law, ascertain and verify whether the funds provided from the Education Protection Account have been properly disbursed and expended as required by this section. Expenses incurred by those entities to comply with the additional audit requirement of this section may be paid with funding from the Education Protection Account, and shall not be considered administrative costs for purposes of this section.

(8) Revenues, less refunds, derived pursuant to subdivision (f) for deposit in the Education Protection Account pursuant to this section shall be deemed “General Fund revenues,” “General Fund proceeds of taxes,” and “moneys to be applied by the State for the support of school districts and community college districts” for purposes of Section 8 of Article XVI.

(f) (1) (A) In addition to the taxes imposed by Part 1 (commencing with Section 6001) of Division 2 of the Revenue and Taxation Code, for the privilege of selling tangible personal property at retail, a tax is hereby imposed upon all retailers at the rate of 1/4 percent of the gross receipts of any retailer from the sale of all tangible personal property sold at retail in this State on and after January 1, 2013, and before January 1, 2017.

(B) In addition to the taxes imposed by Part 1 (commencing with Section 6001) of Division 2 of the Revenue and Taxation Code, an excise tax is hereby imposed on the storage, use, or other consumption in this State of tangible personal property purchased from any retailer on and after January 1, 2013, and before January 1, 2017, for storage, use, or other consumption in this state at the rate of 1/4 percent of the sales price of the property.

5. Focused on Results. To improve results, public agencies need a clear and shared understanding of public purpose. With this measure, the people declare that the purpose of state and local governments is to promote a prosperous economy, a quality environment, and community equity. These purposes are advanced by achieving at least the following goals: increasing employment, improving education, decreasing poverty, decreasing crime, and improving health.

6. Cooperative. To make every dollar count, public agencies must work together to reduce bureaucracy, eliminate duplication, and resolve conflicts. They must integrate services and adopt strategies that have been proven to work and can make a difference in the lives of Californians.

7. Closer to the People. Many governmental services are best provided at the local level, where public officials know their communities and residents have access to elected officials. Local governments need the flexibility to tailor programs to the needs of their communities.

8. Supportive of Regional Job Generation. California is composed of regional economies. Many components of economic vitality are best addressed at the regional scale. The State is obliged to enable and encourage local governments to collaborate regionally to enhance the ability to attract capital investment into regional economies to generate well-paying jobs.

9. Willing to Listen. Public participation is essential to ensure a vibrant and responsive democracy and a responsive and accountable government. When government listens, more people are willing to take an active role in their communities and their government.

10. Thrifty and Prudent. State and local governments today spend hundreds of millions of dollars on budget processes that do not tell the public what is being accomplished. Those same funds can be better used to develop budgets that link dollars to goals and communicate progress toward those goals, which is a primary purpose of public budgets.

SEC. 2. Purpose and Intent

In enacting this measure, the people of the State of California intend to:

1. Improve results and accountability to taxpayers and the public by improving the budget process for the state and local governments with existing resources.

2. Make state government more efficient, effective, and transparent through a state budget process that does the following:
   a. Focuses budget decisions on what programs are trying to accomplish and whether progress is being made.
   b. Requires the development of a two-year budget and a review of every program at least once every five years to make sure money is well spent over time.
   c. Requires major new programs and tax cuts to have clearly identified funding sources before they are enacted.
   d. Requires legislation—including the Budget Act—to be public for three days before lawmakers can vote on it.
   e. Move government closer to the people by enabling and encouraging local governments to work together to save money, improve results, and restore accountability to the public through the following:

   a. Focusing local government budget decisions on what programs are trying to accomplish and whether progress is being made.
   b. Granting counties, cities, and schools the authority to develop, through a public process, a Community Strategic Action Plan for advancing community priorities that they cannot achieve by themselves.
   c. Granting local governments that approve an Action Plan flexibility in how they spend state dollars to improve the outcomes of public programs.
   d. Granting local governments that approve an Action Plan the ability to identify state statutes or regulations that impede progress and a process for crafting a local rule for achieving a state requirement.
   e. Encouraging local governments to collaborate to achieve goals more effectively addressed at a regional scale.
   f. Providing some state funds as an incentive to local governments to develop Action Plans.
   g. Requiring local governments to report their progress annually and evaluate their efforts every four years as a condition of continued flexibility—thus restoring accountability of local elected officials to local voters and taxpayers.

4. Involve the people in identifying priorities, setting goals, establishing measurements of results, allocating resources in a budget, and monitoring progress.

5. Implement the budget reforms herein using existing resources currently dedicated to the budget processes of the state and its political subdivisions without significant additional funds. Further, establish the Performance and Accountability Trust Fund from existing tax bases and revenues. No provision herein shall require an increase in any taxes or modification of any tax rate or base.

SEC. 3. Section 8 of Article IV of the California Constitution is amended to read:

SEC. 8. (a) At regular sessions no bill other than the budget bill may be heard or acted on by committee or either house until the 31st day after the bill is introduced unless the house dispenses with this requirement by rollover vote entered in the journal, three fourths of the membership concurring.

(b) The Legislature may make no law except by statute and may enact no statute except by bill. No bill may be passed unless it is read by title on 3 days in each house except that the house may dispense with this requirement by rollover vote entered in the journal, two thirds of the membership concurring.

No bill other than a bill containing an urgency clause that is passed in a special session called by the Governor to address a state of emergency declared by the Governor arising out of a natural disaster or a terrorist attack may be passed until the bill with amendments has been printed in print and distributed to the members and available to the public for at least 3 days. No bill may be passed unless, by rollover vote entered in the journal, a majority of the membership of each house concurs.

(c) (1) Except as provided in paragraphs (2) and (3) of this subdivision, a statute enacted at a regular session shall go into effect on January 1 next following a 90-day period from the date of enactment of the statute and a statute enacted at a special session shall go into effect on the 91st day after adjournment of the special session at which the bill was passed.
A statute, other than a statute establishing or changing boundaries of any legislative, congressional, or other election district, enacted by a bill passed by the Legislature on or before the date the Legislature adjourns for a joint recess to reconvene in the second calendar year of the biennium of the legislative session, and in the possession of the Governor after that date, shall go into effect on January 1 next following the enactment date of the statute unless, before January 1, a copy of a referendum petition affecting the statute is submitted to the Attorney General pursuant to subdivision (d) of Section 10 of Article II, in which event the statute shall go into effect on the 91st day after the enactment date unless the petition has been presented to the Secretary of State pursuant to subdivision (b) of Section 9 of Article II.

(3) Statutes calling elections, statutes providing for tax levies or appropriations for the usual current expenses of the State, and urgency statutes shall go into effect immediately upon their enactment.

(d) Urgency statutes are those necessary for immediate preservation of the public peace, health, or safety. A statement of facts constituting the necessity shall be set forth in one section of the bill. In each house the section and the bill shall be passed separately, each by rollcall vote entered in the journal, two thirds of the membership concurring. An urgency statute may not create or abolish any office or change the salary, term, or duties of any office, or grant any franchise or special privilege, or create any vested right or interest.

SEC. 4. Section 9.5 is added to Article IV of the California Constitution, to read:

Sec. 9.5. A bill passed by the Legislature that (1) establishes a new state program, including a state-mandated local program described in Section 6 of Article XIII B, or a new agency, or expands the scope of such an existing state program or agency, the effect of which would, if funded, be a net increase in state costs in excess of twenty-five million dollars ($25,000,000) in that fiscal year or in any succeeding fiscal year, or (2) reduces a state tax or other source of state revenue, the effect of which will be a net decrease in State revenue in excess of twenty-five million dollars ($25,000,000) in that fiscal year or in any succeeding fiscal year, or (2) reduces a state tax or other source of state revenue, the effect of which will be a net decrease in State revenue in excess of twenty-five million dollars ($25,000,000) in that fiscal year or in any succeeding fiscal year, is void unless offsetting state program reductions or additional revenue, or a combination thereof, are provided in the bill or another bill in an amount that equals or exceeds the net increase in state costs or net decrease in state revenue. The twenty-five-million-dollar ($25,000,000) threshold specified in this section shall be adjusted annually for inflation pursuant to the California Consumer Price Index.

SEC. 5. Section 10 of Article IV of the California Constitution is amended to read:

Sec. 10. (a) Each bill passed by the Legislature shall be presented to the Governor. It becomes a statute if it is signed by the Governor. The Governor may veto it by returning it with any objections to the house of origin, which shall enter the objections in the journal and proceed to reconsider it. If each house then passes the bill by rollcall vote entered in the journal, two-thirds of the membership concurring, it becomes a statute.

(b) (1) Any bill, other than a bill which would establish or change boundaries of any legislative, congressional, or other election district, passed by the Legislature on or before the date the Legislature adjourns for a joint recess to reconvene in the second calendar year of the biennium of the legislative session, and in the possession of the Governor after that date, is not returned within 30 days after that date becomes a statute.

(2) A bill passed by the Legislature before June 30 of the second calendar year of the biennium of the legislative session and in the possession of the Governor on or after July 31 of that year becomes a statute. In addition, any bill passed by the Legislature before September 1 of the second calendar year of the biennium of the legislative session and in the possession of the Governor on or after September 1 that is not returned on or before September 30 of that year becomes a statute.

(3) Any other bill presented to the Governor that is not returned within 12 days becomes a statute.

(4) If the Legislature by adjournment of a special session prevents the return of a bill with the veto message, the bill becomes a statute unless the Governor vetoes the bill within 12 days after it is presented by depositing it and the veto message in the office of the Secretary of State.

(5) If the 12th day of the period within which the Governor is required to perform an act pursuant to paragraph (3) or (4) of this subdivision is a Saturday, Sunday, or holiday, the period is extended to the next day that is not a Saturday, Sunday, or holiday.

(c) (1) Any bill introduced during the first year of the biennium of the legislative session that has not been passed by the house of origin by January 31 of the second calendar year of the biennium may no longer be acted on by the house. No bill may be passed by either house on or after September 1 of an even-numbered year June 30 of the second year of the biennium except statutes calling elections, statutes providing for tax levies or appropriations for the usual current expenses of the State, and urgency statutes bills that take effect immediately, and bills passed after being vetoed by the Governor.

(2) No bill may be introduced or considered in the second year of the biennium that is substantially the same and has the same effect as any introduced or amended version of a measure that did not pass the house of origin by January 31 of the second calendar year of the biennium as required in paragraph (1).

(d) (1) The Legislature may not present any bill to the Governor after November 15 of the second calendar year of the biennium of the legislative session. On the first Monday following July 4 of the second year of the biennium, the Legislature shall convene, as part of its regular session, to conduct program oversight and review. The Legislature shall establish an oversight process for evaluating and improving the performance of programs undertaken by the State or by local agencies implementing state-funded programs on behalf of the State based on performance standards set forth in statute and in the biennial Budget Act. Within one year of the effective date of this provision, a review schedule shall be established for all state programs whether managed by a state or local agency implementing state-funded programs on behalf of the State. The schedule shall sequence the review of similar programs so that relationships among program objectives can be identified and reviewed. The review process shall result in recommendations.
in the form of proposed legislation that improves or terminates programs. Each program shall be reviewed at least once every five years.

(2) The process established for program oversight under paragraph (1) shall also include a review of Community Strategic Action Plans adopted pursuant to Article XI A for the purpose of determining whether any state statutes or regulations that have been identified by the participating local government agencies as state obstacles to improving results should be amended or repealed as requested by the participating local government agencies based on a review of at least three years of experience with the Community Strategic Action Plans. The review shall assess whether the Action Plans have improved the delivery and effectiveness of services in all parts of the community identified in the plan.

(e) The Governor may reduce or eliminate one or more items of appropriation while approving other portions of a bill. The Governor shall append to the bill a statement of the items reduced or eliminated with the reasons for the action. The Governor shall transmit to the house originating the bill a copy of the statement and reasons. Items reduced or eliminated shall be separately reconsidered and may be passed over the Governor’s veto in the same manner as bills.

(f) (1) If, following the enactment of the budget bill for the 2004–05 fiscal year or any subsequent fiscal year, the Governor determines that, for that fiscal year, General Fund revenues will decline substantially below the estimate of General Fund revenues upon which the budget bill for that fiscal year, as enacted, was based, or General Fund expenditures will increase substantially above that estimate of General Fund revenues, or both, the Governor may issue a proclamation declaring a fiscal emergency and shall thereupon cause the Legislature to assemble in special session for this purpose. The proclamation shall identify the nature of the fiscal emergency and shall be submitted by the Governor to the Legislature, accompanied by proposed legislation to address the fiscal emergency. In response to the Governor’s proclamation, the Legislature may present to the Governor a bill or bills to address the fiscal emergency.

(2) If the Legislature fails to pass and send to the Governor a bill or bills to address the fiscal emergency by the 45th day following the issuance of the proclamation, the Legislature may not act on any other bill, nor may the Legislature adjourn for a joint recess, until that bill or those bills have been passed and sent to the Governor.

(3) A bill addressing the fiscal emergency declared pursuant to this section shall contain a statement to that effect. For purposes of paragraphs (2) and (4), the inclusion of this statement shall be deemed to mean conclusively that the bill addresses the fiscal emergency. A bill addressing the fiscal emergency declared pursuant to this section that contains a statement to that effect, and is passed and sent to the Governor by the 45th day following the issuance of the proclamation declaring the fiscal emergency, shall take effect immediately upon enactment.

(4) (A) If the Legislature has not passed and sent to the Governor a bill or bills to address a fiscal emergency by the 45th day following the issuance of the proclamation declaring the fiscal emergency, the Governor may, by executive order, reduce or eliminate any existing General Fund appropriation for that fiscal year to the extent the appropriation is not otherwise required by this Constitution or by federal law. The total amount of appropriations reduced or eliminated by the Governor shall be limited to the amount necessary to cause General Fund expenditures for the fiscal year in question not to exceed the most recent estimate of General Fund revenues made pursuant to paragraph (1).

(B) If the Legislature is in session, it may, within 20 days after the Governor issues an executive order pursuant to subparagraph (A), override all or part of the executive order by a rollcall vote entered in the journal, two-thirds of the membership of each house concurring. If the Legislature is not in session when the Governor issues the executive order, the Legislature shall have 30 days to reconvene and override all or part of the executive order by resolution by the vote indicated above. An executive order or a part thereof that is not overridden by the Legislature shall take effect the day after the period to override the executive order has expired. Subsequent to the 45th day following the issuance of the proclamation declaring the fiscal emergency, the prohibition set forth in paragraph (2) shall cease to apply when (i) one or more executive orders issued pursuant to this paragraph have taken effect, or (ii) the Legislature has passed and sent to the Governor a bill or bills to address the fiscal emergency.

(C) A bill to restore balance to the budget pursuant to subparagraph (B) may be passed in each house by rollcall vote entered in the journal, a majority of the membership concurring, to take effect immediately upon being signed by the Governor or upon a date specified in the legislation, provided, however, that any bill that imposes a new tax or increases an existing tax must be passed by a two-thirds vote of the Members of each house of the Legislature.

SEC. 6. Section 12 of Article IV of the California Constitution is amended to read:

SEC. 12. (a) (1) Within the first 10 days of each odd-numbered calendar year, the Governor shall submit to the Legislature, with an explanatory message, a budget for the ensuing two fiscal years, containing itemized statements for recommended state expenditures and estimated total state revenues resources available to meet those expenditures. The itemized statement of estimated total state resources available to meet recommended expenditures submitted pursuant to this subdivision shall identify the amount, if any, of those resources that are anticipated to be one-time resources. The two-year budget, which shall include a budget for the budget year and a budget for the succeeding fiscal year, shall be known collectively as the biennial budget. Within the first 10 days of each even-numbered year, the Governor may submit a supplemental budget to amend or augment the enacted biennial budget.

(b) The biennial budget shall contain all of the following elements to improve performance and accountability:

(1) An estimate of the total resources available for the expenditures recommended for the budget year and the succeeding fiscal year.

(2) A projection of anticipated expenditures and anticipated...
revenues for the three fiscal years following the fiscal year succeeding the budget year.

(3) A statement of how the budget will promote the purposes of achieving a prosperous economy, quality environment, and community equity, by working to achieve at least the following goals: increasing employment; improving education; decreasing poverty; decreasing crime; and improving health.

(4) A description of the outcome measures that will be used to assess progress and report results to the public and of the performance standards for state agencies and programs.

(5) A statement of the outcome measures for each major expenditure of state government for which public resources are proposed to be appropriated in the budget and their relationship to the overall purposes and goals set forth in paragraph (3).

(6) A statement of how the State will align its expenditure and investment of public resources with that of other government entities that implement state functions and programs on behalf of the State to achieve the purposes and goals set forth in paragraph (3).

(7) A public report on progress in achieving the purposes and goals set forth in paragraph (3) and an evaluation of the effectiveness in achieving the purposes and goals according to the outcome measures set forth in the preceding year’s budget.

(c) If, for the budget year and the succeeding fiscal year, collectively, recommended expenditures exceed estimated revenues, the Governor shall recommend reductions in expenditures or the sources from which the additional revenues should be provided, or both. To the extent practical, the recommendations shall include an analysis of the long-term impact that expenditure reductions or additional revenues would have on the state economy. Along with the biennial budget, the Governor shall submit to the Legislature any legislation required to implement appropriations contained in the biennial budget, together with a five-year capital infrastructure and strategic growth plan, as specified by statute.

(d) If the Governor’s budget proposes to (1) establish a new state program, including a state-mandated local program described in Section 6 of Article XIII B, or a new agency, or expand the scope of an existing state program or agency, the effect of which would, if funded, be a net increase in state costs in excess of twenty-five million dollars ($25,000,000) in that fiscal year or in any succeeding fiscal year, or (2) reduce a state tax or other source of state revenue, the effect of which will be a net decrease in state revenue in excess of twenty-five million dollars ($25,000,000) in that fiscal year or any succeeding fiscal year, the budget shall propose offsetting state program reductions or additional revenue, or a combination thereof, in an amount that equals or exceeds the net increase in state costs or net decrease in state revenue. The twenty-five-million-dollar ($25,000,000) threshold specified in this subdivision shall annually be adjusted for inflation pursuant to the California Consumer Price Index.

(e) (e) The Governor and the Governor-elect may require a state agency, officer or employee to furnish whatever information is deemed necessary to prepare the biennial budget and any supplemental budget shall be accompanied by a budget bill itemizing recommended expenditures for the budget year and the succeeding fiscal year. A supplemental budget bill shall be accompanied by a bill proposing the supplemental budget.

(2) The budget bill and other bills providing for appropriations related to the budget bill or a supplemental budget bill, as submitted by the Governor, shall be introduced immediately in each house by the persons chairing the committees that consider the budget.

(3) On or before May 1 of each year, after the appropriate committees of each house of the Legislature have considered the budget bill, each house shall refer the budget bill to a joint committee of the Legislature, which may include a conference committee, which shall review the budget bill and other bills providing for appropriations related to the budget bill and report its recommendations to each house no later than June 1 of each year. This shall not preclude the referral of any of these bills to policy committees in addition to a joint committee.

(f) (4) The Legislature shall pass the budget bill and other bills providing for appropriations related to the budget bill by midnight on June 15 of each year. Appropriations made in the budget bill, or in other bills providing for appropriations related to the budget bill, for the succeeding fiscal year shall not be expended in the budget year.

(4) (5) Until the budget bill has been enacted, the Legislature shall not send to the Governor for consideration any bill appropriating funds for expenditure during the fiscal budget year or the succeeding fiscal year for which the budget bill is to be enacted, except emergency bills recommended by the Governor or appropriations for the salaries and expenses of the Legislature.

(g) (d) (g) No bill except the budget bill or the supplemental budget bill may contain more than one item of appropriation, and that for one certain, expressed purpose. Appropriations from the General Fund of the State, except appropriations for the public schools and appropriations in the budget bill, the supplemental budget bill, and in other bills providing for appropriations related to the budget bill, are void unless passed in each house by rollcall vote entered in the journal, two-thirds of the membership concurring.

(h) (h) (1) Notwithstanding any other provision of law or of this Constitution, the budget bill, the supplemental budget bill, and other bills providing for appropriations related to the budget bill may be passed in each house by rollcall vote entered in the journal, a majority of the membership concurring, to take effect immediately upon being signed by the Governor or upon a date specified in the legislation. Nothing in this subdivision shall affect the vote requirement for appropriations for the public schools contained in subdivision (g) of this section and in subdivision (b) of Section 8 of this article.

(2) For purposes of this section, “other bills providing for appropriations related to the budget bill or a supplemental budget bill” shall consist only of bills identified as related to the budget in the budget bill or in the supplemental budget bill passed by the Legislature.

(i) (3) For purposes of this section, “budget bill” shall mean the bill or bills containing the budget for the budget year and the succeeding fiscal year.
(h) (i) The Legislature may control the submission, approval, and enforcement of budgets and the filing of claims for all state agencies.

(j) For the 2004–05 fiscal year, or any subsequent fiscal year, the Legislature may not send to the Governor for consideration, nor may the Governor sign into law, a budget bill for the budget year or for the succeeding fiscal year that would appropriate from the General Fund, for that fiscal year, a total amount that, when combined with all appropriations from the General Fund for that fiscal year, would conflict with the passage of the budget bill for that fiscal year estimated as of the date of the Governor’s signature for the purpose of the General Fund transferred to the Budget Stabilization Account for that fiscal year pursuant to Section 20 of Article XVI, exceeds General Fund revenues, transfers, and balances available from the prior fiscal year for that fiscal year. That the Legislature may, transfers, and balances shall be set forth in the budget bill passed by the Legislature. The budget bill passed by the Legislature shall also contain a statement of the total General Fund obligations described in this subdivision for each fiscal year of the biennial budget, together with an explanation of the basis for the estimate of General Fund revenues, including an explanation of the amount by which the Legislature projects General Fund revenues for that fiscal year to differ from General Fund revenues for the immediately preceding fiscal year.

(h) (k) Notwithstanding any other provision of law or of this Constitution, including subdivision (g) (f) of this section, Section 4 of this article, and Sections 4 and 8 of Article III, in any year in which the budget bill is not passed by the Legislature by midnight on June 15, there shall be no appropriation from the current budget or future budget to pay any salary or reimbursement for travel or living expenses for Members of the Legislature during any regular or special session for the period from midnight on June 15 until the day that the budget bill is presented to the Governor. No salary or reimbursement for travel or living expenses forfeited pursuant to this subdivision shall be paid retroactively.

SEC. 7. Article XI A is added to the California Constitution, to read:

ARTICLE XI A

COMMUNITY STRATEGIC ACTION PLANS

SECTION 1. (a) Californians expect and require that local government entities publicly explain the purpose of expenditures and whether progress is being made toward their goals. Therefore, in addition to the requirements of any other provision of this Constitution, the adopted budget of each local government entity shall contain all of the following as they apply to the entity’s powers and duties:

(1) A statement of how the budget will promote, as applicable to a local government entity’s functions, role, and locally determined priorities, a prosperous economy, quality environment, and community equity, as reflected in the following goals: increasing employment, improving education, decreasing poverty, decreasing crime, improving health, and other community priorities.

(2) A description of the overall outcome measurements that will be used to assess progress in all parts of the community toward the goals established by the local government entity pursuant to paragraph (1).

(3) A statement of the outcome measurement for each major expenditure of government for which public resources are appropriated in the budget and the relationship to the overall goals established by the local government entity pursuant to paragraph (1).

(4) A statement of how the local government entity will align its expenditure and investment of public resources to achieve the goals established by the local government entity pursuant to paragraph (1).

(5) A public report on progress in achieving the goals established by the local government entity pursuant to paragraph (1) and an evaluation of the effectiveness in achieving the outcomes according to the measurements set forth in the previous year’s budget.

(b) Each local government entity shall develop and implement an open and transparent process that encourages the participation of all aspects of the community in the development of its proposed budget, including identifying community priorities pursuant to paragraph (1) of subdivision (a).

(c) This section shall become operative in the budget year of the local government entity that commences in the year 2014.

(d) The provisions of this section are self-executing and are to be interpreted to apply only to those activities over which local entities exercise authority.

Sec. 2. (a) A county, by action of the board of supervisors, may initiate the development of a Community Strategic Action Plan, hereinafter referred to as the Action Plan. The county shall invite the participation of all other local government entities within the county whose existing functions or services are within the anticipated scope of the Action Plan. Any local government entity within the county may petition the board of supervisors to initiate an Action Plan, to be included in the planning process, or to amend the Action Plan.

(b) The participating local government entities shall draft an Action Plan through an open and transparent process that encourages the participation of all aspects of the community, including neighborhood leaders. The Action Plan shall include all of the following:

(1) A statement that (A) outlines how the Action Plan will achieve the purposes and goals set forth in paragraphs (1) to (5), inclusive, of subdivision (a) of Section 1 of this article, (B) describes the public services that will be delivered pursuant to the Action Plan and the roles and responsibilities of the participating entities, (C) explains why those services will be delivered more effectively and efficiently pursuant to the Action Plan, (D) provides for an allocation of resources to support the plan, including funds that may be received from the Performance and Accountability Trust Fund, (E) considers disparities within communities served by the Action Plan, and (F) explains how the Action Plan is consistent with the budgets adopted by the participating local government entities.

(2) The outcomes desired by the participating local government entities and how those outcomes will be measured.

(3) A method for regularly reporting outcomes to the public and to the State.
(c) (1) The Action Plan shall be submitted to the governing bodies of each of the participating local government entities within the county. To ensure a minimum level of collaboration, the Action Plan must be approved by the county, local government entities providing municipal services pursuant to the Action Plan to at least a majority of the population in the county, and one or more school districts serving at least a majority of the public school pupils in the county.

(2) The approval of the Action Plan, or an amendment to the Action Plan, by a local government entity, including the county, shall require a majority vote of the membership of the governing body of that entity. The Action Plan shall not apply to any local government entity that does not approve the Action Plan as provided in this paragraph.

(d) Once an Action Plan is adopted, a county may enter into contracts that identify and assign the duties and obligations of each of the participating entities, provided that such contracts are necessary for implementation of the Action Plan and are approved by a majority vote of the governing body of each local government entity that is a party to the contract.

(e) Local government entities that have adopted an Action Plan pursuant to this section and have satisfied the requirements of Section 3 of this article, if applicable, may integrate state or local funds that are allocated to them for the purpose of providing the services identified by the Action Plan in a manner that will advance the goals of the Action Plan.

Sec. 3. (a) If the parties to an Action Plan adopted pursuant to Section 2 of this article conclude that a state statute or regulation, including a statute or regulation restricting the expenditure of funds, impedes progress toward the goals of the Action Plan or they need additional statutory authority to implement the Action Plan, the local government entities may include provisions in the Action Plan that are functionally equivalent to the objective or objectives of the applicable statute or regulation. The provision shall include a description of the intended state objective, of how the rule is an obstacle to better outcomes, of the proposed community rule, and of how the community rule will contribute to better outcomes while advancing a prosperous economy, quality environment, and community equity. For purposes of this section, a provision is functionally equivalent to the objective or objectives of a statute or regulation if it substantially complies with the policy and purpose of the statute or regulation.

(b) The parties shall submit an Action Plan containing the functionally equivalent provisions described in subdivision (a) with respect to one or more state statutes to the Legislature during a regular or special session. If, within 60 days following its receipt of the Action Plan, the Legislature takes no concurrent action, by resolution or otherwise, to disapprove the provisions, the provisions shall be deemed to be operative, with the effect in law that compliance with the provisions shall be deemed compliance with the state regulation or regulations. Any action to disapprove the provision shall include a statement setting forth the reasons for doing so.

(d) This section shall apply only to statutes or regulations that directly govern the administration of a state program that is financed in whole or in part with state funds.

(e) Any authority granted pursuant to this section shall automatically expire four years after the effective date, unless renewed pursuant to this section.

Sec. 4. (a) The Performance and Accountability Trust Fund is hereby established in the State Treasury for the purpose of providing state resources for the implementation of integrated service delivery contained in the Community Strategic Action Plans prepared pursuant to this article. Notwithstanding Section 13340 of the Government Code, money in the fund shall be continuously appropriated solely for the purposes provided in this article. For purposes of Section 8 of Article XVI, the revenues transferred to the Performance and Accountability Trust Fund pursuant to the act that added this article shall be considered General Fund proceeds of taxes which may be appropriated pursuant to Article XIII B.

(b) Money in the Performance and Accountability Trust Fund shall be distributed according to statute to counties whose Action Plans include a budget for expenditure of the funds that satisfies Sections 1 and 2 of this article.

(c) Any funds allocated to school districts pursuant to an Action Plan must be paid for from a revenue source other than the Performance and Accountability Trust Fund, and may be paid from any other source as determined by the entities participating in the Action Plan. The allocation received by any school district pursuant to an Action Plan shall not be considered General Fund proceeds of taxes or allocated local proceeds of taxes for purposes of Section 8 of Article XVI.

Sec. 5. A county that has adopted an Action Plan pursuant to Section 2 of this article shall evaluate the effectiveness of the Action Plan at least once every four years. The evaluation process shall include an opportunity for public comments, and for those comments to be included in the final report. The evaluation shall be used by the participating entities to improve the Action Plan and by the public to assess the performance of its government. The evaluation shall include a review of the extent to which the Action Plan has achieved the purposes and goals set forth in paragraphs (1) to (5), inclusive, of subdivision (a) of Section 1, including: improving the outcomes among the participating entities in the delivery and effectiveness of the applicable governmental services; progress toward reducing community disparities; and whether the individuals or community members receiving those services were represented in the development and implementation of the Action Plan.

Sec. 6. (a) The State shall consider how it can help local government entities deliver services more effectively and efficiently through an Action Plan adopted pursuant to Section 2. Consistent with this goal, the State or any department
or agency thereof may enter into contracts with one or more local government entities that are participants in an Action Plan to perform any function that the contracting parties determine can be more efficiently and effectively performed at the local level. Any contract made pursuant to this section shall conform to the Action Plan adopted pursuant to the requirements of Section 2.

(b) The State shall consider and determine how it can support, through financial and regulatory incentives, efforts by local government entities and representatives of the public to work together to address challenges and to resolve problems that local government entities have voluntarily and collaboratively determined are best addressed at the geographic scale of a region in order to advance a prosperous economy, quality environment, and community equity. The State shall promote the vitality and global competitiveness of regional economies and foster greater collaboration among local governments within regions by providing priority consideration for state-administered funds for infrastructure and human services, as applicable, to those participating local government entities that have voluntarily developed a regional collaborative plan and are making progress toward the purposes and goals of their plan, which shall incorporate the goals and purposes set forth in paragraphs (1) to (5), inclusive, of subdivision (a) of Section 1.

Sec. 7. Nothing in this article is intended to abrogate or supersede any existing authority enjoyed by local government entities, nor to discourage or prohibit local government entities from developing and participating in regional programs and plans designed to improve the delivery and efficiency of government services.

Sec. 8. For purposes of this article, the term “local government entity” shall mean a county, city, city and county, and any other local government entity, including school districts, county offices of education, and community college districts.

SEC. 8. Section 29 of Article XIII of the California Constitution is amended to read:

Sec. 29. (a) The Legislature may authorize counties, cities and counties, and cities to enter into contracts to apportion between them the revenue derived from any sales or use tax imposed by them that is collected for them by the State. Before the contract becomes operative, it shall be authorized by a majority of those voting on the question in each jurisdiction at a general or direct primary election.

(b) Notwithstanding subdivision (a), on and after the operative date of this subdivision, counties, cities and counties, and cities, may enter into contracts to apportion between them the revenue derived from any sales or use tax imposed by them pursuant to the Bradley-Burns Uniform Local Sales and Use Tax Law, or any successor provisions, that is collected for them by the State, if the ordinance or resolution proposing each contract is approved by a two-thirds vote of the governing body of each jurisdiction that is a party to the contract.

(c) Notwithstanding subdivision (a), counties, cities and counties, cities, and any other local government entities, including school districts and community college districts, that are parties to a Community Strategic Action Plan adopted pursuant to Article XI A may enter into contracts to apportion between and among them the revenue they receive from ad valorem property taxes allocated to them, if the ordinance or resolution proposing each contract is approved by a two-thirds vote of the governing body of each jurisdiction that is a party to the contract. Contracts entered into pursuant to this section shall be consistent with each participating entity’s budget adopted in accordance with Section 1 of Article XI A.

SEC. 9. Chapter 6 (commencing with Section 55750) is added to Part 2 of Division 2 of Title 5 of the Government Code, to read:

CHAPTER 6. COMMUNITY STRATEGIC ACTION PLANS

55750. (a) Notwithstanding Section 7101 of the Revenue and Taxation Code or any other provision of law, beginning in the 2013–14 fiscal year, the amount of revenues, net of refunds, collected pursuant to Section 6051 of the Revenue and Taxation Code and attributable to a rate of 0.035 percent shall be deposited in the State Treasury to the credit of the Performance and Accountability Trust Fund, as established pursuant to Section 4 of Article XI A of the California Constitution, and shall be used exclusively for the purposes for which that fund is created.

(b) To the extent that the Legislature reduces the sales tax base and that reduction results in less revenue to the Performance and Accountability Trust Fund than the fund received in the 2013–14 fiscal year, the Controller shall transfer from the General Fund to the Performance and Accountability Trust Fund an amount that when added to the revenues received by the Performance and Accountability Trust Fund in that fiscal year equals the amount of revenue received by the fund in the 2013–14 fiscal year.

55751. (a) Notwithstanding Section 7101 of the Revenue and Taxation Code or any other provision of law, beginning in the 2013–14 fiscal year, the amount of revenues, net of refunds, collected pursuant to Section 6201 of the Revenue and Taxation Code and attributable to a rate of 0.035 percent shall be deposited in the State Treasury to the credit of the Performance and Accountability Trust Fund, as established pursuant to Section 4 of Article XI A of the California Constitution, and shall be used exclusively for the purposes for which that fund is created.

(b) To the extent that the Legislature reduces the use tax base and that reduction results in less revenue to the Performance and Accountability Trust Fund than the fund received in the 2013–14 fiscal year, the Controller shall transfer from the General Fund to the Performance and Accountability Trust Fund an amount that when added to the revenues received by the Performance and Accountability Trust Fund in that fiscal year equals the amount of revenue received by the fund in the 2013–14 fiscal year.

55752. (a) In the 2014–15 fiscal year and every subsequent fiscal year, the Controller shall distribute funds in the Performance and Accountability Trust Fund established pursuant to Section 4 of Article XI A of the California Constitution to each county that has adopted a Community Strategic Action Plan that is in effect on or before June 30 of the preceding fiscal year, and that has submitted its Action Plan to
the Controller for the purpose of requesting funding under this section. The distribution shall be made in the first quarter of the fiscal year. Of the total amount available for distribution from the Performance and Accountability Trust Fund in a fiscal year, the Controller shall apportion to each county Performance and Accountability Trust Fund, which is hereby established, to assist in funding its Action Plan, a percentage equal to the percentage computed for that county under subdivision (c).

(b) As used in this section, the population served by a Community Strategic Action Plan is the population of the geographic area that is the sum of the population of all of the participating local government entities, provided that a resident served by one or more local government entities shall be counted only once. The Action Plan shall include a calculation of the population of the geographic area served by the Action Plan, according to the most recent Department of Finance demographic data.

(c) The Controller shall determine the population served by each county’s Action Plan as a percentage of the total population computed for all of the Action Plans that are eligible for funding pursuant to subdivision (a).

(d) The funds provided pursuant to Section 4 of Article XI A of the California Constitution and this chapter represent in part ongoing savings that accrue to the state that are attributable to the 2011 realignment and to the measure that added this section. Four years following the first allocation of funds pursuant to this section, the Legislative Analyst’s Office shall assess the fiscal impact of the Action Plans and the extent to which the plans have improved the efficiency and effectiveness of service delivery or reduced the demand for state-funded services.

SEC. 10. Section 42246 is added to the Education Code, to read:

42246. Funds contributed or received by a school district pursuant to its participation in a Community Strategic Action Plan authorized by Article XI A of the California Constitution shall not be considered in calculating the state’s portion of the district’s revenue limit under Section 42238 or any successor statute.

SEC. 11. Section 9145 is added to the Government Code, to read:

9145. For the purposes of Sections 9.5 and 12 of Article IV of the California Constitution, the following definitions shall apply:

SEC. 14. Amendment

The statutory provisions of this measure may be amended solely to further the purposes of this measure by a bill approved by a two-thirds vote of the Members of each house of the Legislature and signed by the Governor.

SEC. 15. Severability

If any of the provisions of this measure or the applicability of any provision of this measure to any person or circumstances shall be found to be unconstitutional or otherwise invalid, that finding shall not affect the remaining provisions or applications of this measure to other persons or circumstances, and to that extent the provisions of this measure are deemed to be severable.
SEC. 16. Effective Date
Sections 4, 5, and 6 of this Act shall become operative on the first Monday of December in 2014. Unless otherwise specified in the Act, the other sections of the act shall become operative the day after the election at which the act is adopted.

SEC. 17. Legislative Counsel
(a) The people find and declare that the amendments proposed by this measure to Section 12 of Article IV of the California Constitution are consistent with the amendments to Section 12 of Article IV of the California Constitution proposed by Assembly Constitutional Amendment No. 4 of the 2009–10 Regular Session (Res. Ch. 174, Stats. 2010) (hereafter ACA 4), which will appear on the statewide general election ballot of November 4, 2014.

(b) For purposes of the Legislative Counsel’s preparation and proofreading of the text of ACA 4 pursuant to Sections 9086 and 9091 of the Elections Code, and Sections 88002 and 88005.5 of the Government Code, the existing provisions of Section 12 of Article IV of the California Constitution shall be deemed to be the provisions of that section as amended by this measure. The Legislative Counsel shall prepare and proofread the text of ACA 4, accordingly, to distinguish the changes proposed by ACA 4 to Section 12 of Article IV of the California Constitution from the provisions of Section 12 of Article IV of the California Constitution as amended by this measure. The Secretary of State shall place the complete text of ACA 4, as prepared and proofread by the Legislative Counsel pursuant to this section, in the ballot pamphlet for the statewide general election ballot of November 4, 2014.

PROPOSITION 32
This initiative measure is submitted to the people in accordance with the provisions of Section 8 of Article II of the California Constitution.
This initiative measure adds sections to the Government Code; therefore, new provisions proposed to be added are printed in italic type to indicate that they are new.

PROPOSED LAW
SECTION 1. Title, Findings, and Declaration of Purpose
A. Special interests have too much power over government. Every year, corporations and unions contribute millions of dollars to politicians, and the public interest is buried beneath the mountain of special-interest spending.
B. Yet, for many years, California’s government has failed its people. Our state is billions of dollars in debt and many local governments are on the verge of bankruptcy. Too often politicians ignore the public’s need in favor of the narrow special interests of corporations, labor unions, and government contractors who make contributions to their campaigns.
C. These contributions yield special tax breaks and public contracts for big business, costly government programs that enrich private labor unions, and unsustainable pensions, benefits, and salaries for public employee union members, all at the expense of California taxpayers.
D. Even contribution limits in some jurisdictions have not slowed the flow of corporate and union political money into the political process. So much of the money overwhelming California’s politics starts as automatic deductions from workers’ paychecks. Corporate employers and unions often pressure, sometimes subtly and sometimes overtly, workers to give up a portion of their paycheck to support the political objectives of the corporation or union. Their purpose is to amass millions of dollars to gain influence with our elected leaders without any regard for the political views of the employees who provide the money.
E. For these reasons, and in order to curb actual corruption and the appearance of corruption of our government by corporate and labor union contributions, the people of the State of California hereby enact the Stop Special Interest Money Now Act in order to:
1. Ban both corporate and labor union contributions to candidates;
2. Prohibit government contractors from contributing money to government officials who award them contracts;
3. Prohibit corporations and labor unions from collecting political funds from employees and union members using the inherently coercive means of payroll deduction; and
4. Make all employee political contributions by any other means strictly voluntary.

SEC. 2. The Stop Special Interest Money Now Act
Article 1.5 (commencing with Section 85150) is added to Chapter 5 of Title 9 of the Government Code, to read:
Article 1.5. The Stop Special Interest Money Now Act 85150. (a) Notwithstanding any other provision of law and this title, no corporation, labor union, or public employee labor union shall make a contribution to any candidate, candidate controlled committee; or to any other committee, including a political party committee, if such funds will be used to make contributions to any candidate or candidate controlled committee.
(b) Notwithstanding any other provision of law and this title, no government contractor, or committee sponsored by a government contractor, shall make a contribution to any elected officer or committee controlled by any elected officer if such elected officer makes, participates in making, or in any way attempts to use his or her official position to influence the granting, letting, or awarding of a public contract to the government contractor during the period in which the decision to grant, let, or award the contract is to be made and during the term of the contract.

85151. (a) Notwithstanding any other provision of law and this title, no corporation, labor union, public employee labor union, government contractor, or government employer shall deduct from an employee’s wages, earnings, or compensation any amount of money to be used for political purposes.
(b) This section shall not prohibit an employee from making voluntary contributions to a sponsored committee of his or her employer, labor union, or public employee labor union in any manner, other than that which is prohibited by subdivision (a), so long as all such contributions are given with that employee’s written consent, which consent shall be effective for no more than one year.
(c) This section shall not apply to deductions for retirement.
TEXT OF PROPOSED LAWS

benefit, health, life, death or disability insurance, or other similar benefit, nor shall it apply to an employee's voluntary deduction for the benefit of a charitable organization organized under Section 501(c)(3) of Title 26 of the United States Code.

85152. For purposes of this article, the following definitions apply:

(a) "Corporation" means every corporation organized under the laws of this state, any other state of the United States, or the District of Columbia, or under an act of the Congress of the United States.

(b) "Government contractor" means any person, other than an employee of a government employer, who is a party to a contract between the person and a government employer to provide goods, real property, or services to a government employer. Government contractor includes a public employee labor union that is a party to a contract with a government employer.

(c) "Government employer" means the State of California or any of its political subdivisions, including, but not limited to, counties, cities, charter counties, charter cities, charter city and counties, school districts, the University of California, special districts, boards, commissions, and agencies, but not including the United States government.

(d) "Labor union" means any organization of any kind, or any agency or employee representation committee or plan, in which employees participate and which exists for the purpose, in whole or in part, of dealing with employers concerning grievances, labor disputes, wages, rates of pay, hours of employment, or conditions of work.

(e) "Political purposes" means a payment made to influence or attempt to influence the action of voters for or against the nomination or election of a candidate or candidates, or the qualification or passage of any measure; or any payment received by or made at the behest of a candidate, a controlled committee, a committee of a political party, including a state central committee, and county central committee, or an organization formed or existing primarily for political purposes, including, but not limited to, a political action committee established by any membership organization, labor union, public employee labor union, or corporation.

(f) "Public employee labor union" means a labor union in which the employees participating in the labor union are employees of a government employer.

(g) All other terms used this article that are defined by the Political Reform Act of 1974, as amended (Title 9 (commencing with Section 81000)), or by regulation enacted by the Fair Political Practices Commission, shall have the same meaning as provided therein, as they existed on January 1, 2011.

SEC. 3. Implementation

(a) If any provision of this measure, or part of it, or the application of any such provision or part to any person, organization, or circumstance, is for any reason held to be invalid or unconstitutional, then the remaining provisions, parts, and applications shall remain in effect without the invalid provision, part, or application.

(b) This measure is not intended to interfere with any existing contract or collective bargaining agreement. Except as governed by the National Labor Relations Act, no new or amended contract or collective bargaining agreement shall be valid if it violates this measure.

(c) This measure shall be liberally construed to further its purposes. In any legal action brought by an employee or union member to enforce the provisions of this act, the burden shall be on the employer or labor union to prove compliance with the provisions herein.

(d) Notwithstanding Section 81012 of the Government Code, the provisions of this measure may not be amended by the Legislature. This measure may only be amended or repealed by a subsequent initiative measure or pursuant to subdivision (c) of Section 10 of Article II of the California Constitution.

PROPOSITION 33

This initiative measure is submitted to the people in accordance with the provisions of Section 8 of Article II of the California Constitution.

This initiative measure adds a section to the Insurance Code; therefore, new provisions proposed to be added are printed in italic type to indicate that they are new.

PROPOSED LAW

SECTION 1. Title

This measure shall be known as the 2012 Automobile Insurance Discount Act.

SEC. 2. The people of the State of California find and declare that:

(a) Under California law, the Insurance Commissioner regulates insurance rates and determines what discounts auto insurance companies can give to drivers.

(b) It is in the best interest of California insurance consumers to be allowed to receive discounted prices if they have continuously followed the state's mandatory insurance laws, regardless of which insurance company they have used.

(c) A consumer discount for continuous automobile coverage rewards responsible behavior. That discount should belong to the consumer, not the insurance company.

(d) A personal discount for maintaining continuous coverage creates competition among insurance companies and is an incentive for more consumers to purchase and maintain automobile insurance.

SEC. 3. Purpose

The purpose of this measure is to allow California insurance consumers to obtain discounted insurance rates if they have continuously followed the mandatory insurance law.

SEC. 4. Section 1861.023 is added to the Insurance Code, to read:

1861.023. (a) Notwithstanding paragraph (4) of subdivision (a) of Section 1861.02, an insurance company may use continuous coverage as an optional auto insurance rating factor for any insurance policy subject to Section 1861.02.

(b) For purposes of this section, "continuous coverage" shall mean uninterrupted automobile insurance coverage with any admitted insurer or insurers, including coverage provided pursuant to the California Automobile Assigned Risk Plan or the California Low-Cost Automobile Insurance Program.
(1) Continuous coverage shall be deemed to exist if there is a lapse in coverage due to an insured’s active military service.
(2) Continuous coverage shall be deemed to exist even if there is a lapse in coverage of up to 18 months in the last five years due to loss of employment resulting from a layoff or furlough.
(3) Continuous coverage shall be deemed to exist even if there is a lapse of coverage of not more 90 days in the previous five years for any reason.
(4) Children residing with a parent shall be provided a discount for continuous coverage based upon the parent’s eligibility for a continuous coverage discount.
(c) Consumers who are unable to demonstrate continuous coverage shall be granted a proportional discount. This discount shall be a proportion of the amount of the rate of reduction that would have been granted if the consumer had been able to demonstrate continuous coverage. The proportion shall reflect the number of whole years in the immediately preceding five years for which the consumer was insured.

SEC. 5. Conflicting Ballot Measures

In the event that this measure and another measure or measures relating to continuity of coverage shall appear on the same statewide election ballot, the provisions of the other measures shall be deemed to be in conflict with this measure. In the event that this measure shall receive a greater number of votes, the provisions of this measure shall prevail in their entirety, and the provisions of the other measures shall be null and void.

SEC. 6. Amendment

The provisions of this act shall not be amended by the Legislature except to further its purposes by a statute passed in each house by roll call vote entered in the journal, two-thirds of the membership concurring.

SEC. 7. Severability

It is the intent of the people that the provisions of this act are severable and that if any provision of this act, or the application thereof to any person or circumstance, is held invalid such invalidity shall not affect any other provision or application of this act which can be given effect without the invalid provision or application.

PROPOSITION 34

This initiative measure is submitted to the people in accordance with the provisions of Section 8 of Article II of the California Constitution.

This initiative measure amends and repeals sections of the Penal Code and adds sections to the Government Code; therefore, existing provisions proposed to be deleted are printed in strikeout type and new provisions proposed to be added are printed in italic type to indicate that they are new.

PROPOSED LAW

The SAFE California Act

SECTION 1. Title

This initiative shall be known and may be cited as “The Savings, Accountability, and Full Enforcement for California Act,” or “The SAFE California Act.”

SEC. 2. Findings and Declarations

The people of the State of California do hereby find and declare all of the following:

1. Murderers and rapists need to be stopped, brought to justice, and punished. Yet, on average, a shocking 46 percent of homicides and 56 percent of rapes go unsolved every year. Our limited law enforcement resources should be used to solve more crimes, to get more criminals off our streets, and to protect our families.

2. Police, sheriffs, and district attorneys now lack the funding they need to quickly process evidence in rape and murder cases, to use modern forensic science such as DNA testing, or even hire enough homicide and sex offense investigators. Law enforcement should have the resources needed for full enforcement of the law. By solving more rape and murder cases and bringing more criminals to justice, we keep our families and communities safer.

3. Many people think the death penalty is less expensive than life in prison without the possibility of parole, but that’s just not true. California has spent $4 billion on the death penalty since 1978 and death penalty trials are 20 times more expensive than trials seeking life in prison without the possibility of parole, according to a study by former death penalty prosecutor and judge, Arthur Alarcon, and law professor Paula Mitchell. By replacing the death penalty with life in prison without the possibility of parole, California taxpayers would save well over $100 million every year. That money could be used to improve crime prevention and prosecution.

4. Killers and rapists walk our streets free and threaten our safety, while we spend hundreds of millions of taxpayer dollars on a select few who are already behind bars forever on death row. These resources would be better spent on violence prevention and education, to keep our families safe.

5. By replacing the death penalty with life in prison without the possibility of parole, we would save the state $1 billion in five years without releasing a single prisoner—$1 billion that could be invested in law enforcement to keep our communities safer, in our children’s schools, and in services for the elderly and disabled. Life in prison without the possibility of parole ensures that the worst criminals stay in prison forever and saves money.

6. More than 100 innocent people have been sentenced to death in this country and some innocent people have actually been executed. Experts concluded that Cameron Todd Willingham was wrongly executed for a fire that killed his three children. With the death penalty, we will always risk executing innocent people.

7. Experts have concluded that California remains at risk of executing an innocent person. Innocent people are wrongfully convicted because of faulty eyewitness identification, outdated forensic science, and overzealous prosecutions. We are not doing what we need to do to protect the innocent. State law even protects a prosecutor if he or she intentionally sends an innocent person to prison, preventing accountability to taxpayers and victims. Replacing the death penalty with life in prison without the possibility of parole will at least ensure that we do not execute an innocent person.
TEXT OF PROPOSED LAWS

8. Convicted murderers must be held accountable and pay for their crimes. Today, less than 1 percent of inmates on death row work and, as a result, they pay little restitution to victims. Every person convicted of murder should be required to work in a high-security prison and money earned should be used to help victims through the victim’s compensation fund, consistent with the victims’ rights guaranteed by Marsy’s Law.

9. California’s death penalty is an empty promise. Death penalty cases drag on for decades. A sentence of life in prison without the possibility of parole provides faster resolution for grieving families and is a more certain punishment.

10. Retroactive application of this act will end a costly and ineffective practice, free up law enforcement resources to increase the rate at which homicide and rape cases are solved, and achieve fairness, equality and uniformity in sentencing.

SEC. 3. Purpose and Intent

The people of the State of California declare their purpose and intent in enacting the act to be as follows:

1. To get more murderers and rapists off the streets and to protect our families.

2. To save the taxpayers $1 billion in five years so those dollars can be invested in local law enforcement, our children’s schools, and services for the elderly and disabled.

3. To use some of the savings from replacing the death penalty to create the SAFE California Fund, to provide funding for local law enforcement, specifically police departments, sheriffs, and district attorney offices, to increase the rate at which homicide and rape cases are solved.

4. To eliminate the risk of executing innocent people.

5. To require that persons convicted of murder with special circumstances remain behind bars for the rest of their lives, with mandatory work in a high-security prison, and that money earned be used to help victims through the victim’s compensation fund.

6. To end the more than 25-year-long process of review in death penalty cases, with dozens of court dates and postponements that grieving families must bear in memory of loved ones.

7. To end a costly and ineffective practice and free up law enforcement resources to keep our families safe.

8. To achieve fairness, equality and uniformity in sentencing, through retroactive application of this act to replace the death penalty with life in prison without the possibility of parole.

SEC. 4. Section 190 of the Penal Code is amended to read:

190. (a) Every person guilty of murder in the first degree shall be punished by imprisonment in the state prison for life without the possibility of parole, or imprisonment in the state prison for a term of 25 years to life. The penalty to be applied shall be determined as provided in Sections 190.1, 190.2, 190.3, 190.4, and 190.5.

Except as provided in subdivision (b), (c), or (d), every person guilty of murder in the second degree shall be punished by imprisonment in the state prison for a term of 15 years to life. The penalty to be applied shall be determined as provided in Sections 190.1, 190.2, 190.3, 190.4, and 190.5.

(b) Except as provided in subdivision (c), every person guilty of murder in the second degree shall be punished by imprisonment in the state prison for a term of 25 years to life if the victim was a peace officer, as defined in subdivision (a) of Section 830.1, subdivision (a), (b), or (c) of Section 830.2, subdivision (a) of Section 830.33, or Section 830.5, who was killed while engaged in the performance of his or her duties, and the defendant knew, or reasonably should have known, that the victim was a peace officer engaged in the performance of his or her duties.

(c) Every person guilty of murder in the second degree shall be punished by imprisonment in the state prison for a term of life without the possibility of parole if the victim was a peace officer, as defined in subdivision (a) of Section 830.1, subdivision (a), (b), or (c) of Section 830.2, subdivision (a) of Section 830.33, or Section 830.5, who was killed while engaged in the performance of his or her duties, and the defendant knew, or reasonably should have known, that the victim was a peace officer engaged in the performance of his or her duties, and any of the following facts has been charged and found true:

(I) The defendant specifically intended to kill the peace officer.

(2) The defendant specifically intended to inflict great bodily injury, as defined in Section 12022.7, on a peace officer.

(3) The defendant personally used a firearm in the commission of the offense, in violation of subdivision (b) of Section 12022.

(4) The defendant personally used a firearm in the commission of the offense, in violation of Section 12022.5.

(d) Every person guilty of murder in the second degree shall be punished by imprisonment in the state prison for a term of 20 years to life if the killing was perpetrated by means of shooting a firearm from a motor vehicle, intentionally at another person outside of the vehicle with the intent to inflict great bodily injury.

(e) A violation of subdivision (b) of Section 12022 shall not apply to reduce any minimum term of a sentence imposed pursuant to this section. A person sentenced pursuant to this section shall not be released on parole prior to serving the minimum term of confinement prescribed by this section.

(f) Every person found guilty of murder and sentenced pursuant to this section shall be required to work within a high-security prison as many hours of faithful labor in each day as required to pay for the victim’s compensation and victim services, with the victim’s rights guaranteed by Marsy’s Law.

SEC. 5. Section 190.1 of the Penal Code is repealed.

190.1. A case in which the death penalty may be imposed pursuant to this chapter shall be tried in separate phases as follows:

(a) The question of the defendant’s guilt shall be first determined. If the trier of fact finds the defendant guilty of first degree murder, it shall at the same time determine the truth of
all special circumstances charged as enumerated in Section 190.2 except for a special circumstance charged pursuant to paragraph (2) of subdivision (a) of Section 190.2 where it is alleged that the defendant had been convicted in a prior proceeding of the offense of murder in the first or second degree.

(b) If the defendant is found guilty of first degree murder and one of the special circumstances is charged pursuant to paragraph (2) of subdivision (a) of Section 190.2 which charges that the defendant had been convicted in a prior proceeding of the offense of murder of the first or second degree, there shall be further proceedings on the question of the truth of such special circumstance.

(c) If the defendant is found guilty of first degree murder and one or more special circumstances as enumerated in Section 190.2 has been found to be true, his sanity on any plea of not guilty by reason of insanity under Section 1026 shall be determined as provided in Section 190.4. If he is found to be sane, there shall be further proceedings on the question of the penalty to be imposed. Such proceedings shall be conducted in accordance with the provisions of Section 190.3 and 190.4.

SEC. 6. Section 190.2 of the Penal Code is amended to read:

190.2. (a) The penalty for a defendant who is found guilty of murder in the first degree is death or imprisonment in the state prison for life without the possibility of parole if one or more of the following special circumstances has been found under Section 190.4 to be true:

1. The murder was intentional and carried out for financial gain.

2. The defendant was convicted previously of murder in the first or second degree. For the purpose of this paragraph, an offense committed in another jurisdiction, which if committed in California would be punishable as first or second degree murder, shall be deemed murder in the first or second degree.

3. The defendant, in this proceeding, has been convicted of more than one offense of murder in the first or second degree.

4. The murder was committed by means of a destructive device, bomb, or explosive planted, hidden, or concealed in any place, area, dwelling, building, or structure, and the defendant knew, or reasonably should have known, that his or her act or acts would create a great risk of death to one or more human beings.

5. The murder was committed for the purpose of avoiding or preventing a lawful arrest, or perfecting or attempting to perfect, an escape from lawful custody.

6. The murder was committed by means of a destructive device, bomb, or explosive that the defendant mailed or delivered, attempted to mail or deliver, or caused to be mailed or delivered, and the defendant knew, or reasonably should have known, that his or her act or acts would create a great risk of death to one or more human beings.

7. The victim was a peace officer, as defined in Sections 1350, 830.2, 830.3, 830.31, 830.32, 830.33, 830.34, 830.35, 830.36, 830.37, 830.4, 830.5, 830.6, 830.10, 830.11, or 830.12, who, while engaged in the course of the performance of his or her duties, was intentionally killed, and the defendant knew, or reasonably should have known, that the victim was an elected or appointed official or any former official of the federal government, or of any local or state government of this or any other state, and the murder was intentionally carried out in retaliation for or to prevent the performance of, the victim’s official duties.

8. The victim was a federal law enforcement officer or agent who, while engaged in the course of the performance of his or her duties, was intentionally killed, and the defendant knew, or reasonably should have known, that the victim was a federal law enforcement officer or agent engaged in the performance of his or her duties; or the victim was a federal law enforcement officer or agent, and was intentionally killed in retaliation for the performance of his or her official duties.

9. The victim was a firefighter, as defined in Section 245.1, who, while engaged in the course of the performance of his or her duties, was intentionally killed, and the defendant knew, or reasonably should have known, that the victim was a firefighter engaged in the performance of his or her duties.

As used in this paragraph, “juvenile proceeding” means a proceeding brought pursuant to Section 602 or 707 of the Welfare and Institutions Code.

11. The victim was a prosecutor or assistant prosecutor or a former prosecutor or assistant prosecutor of any local or state prosecutor’s office in this or any other state, or of a federal prosecutor’s office, and the murder was intentionally carried out in retaliation for, or to prevent the performance of, the victim’s official duties.

13. The victim was an elected or appointed official or former official of the federal government, or of any local or state government of this or any other state, and the killing was intentionally carried out in retaliation for, or to prevent the performance of, the victim’s official duties.

For purposes of this paragraph, "motor vehicle" means any vehicle as defined in Section 415 of the Vehicle Code.

(22) The defendant intentionally killed the victim while the defendant was an active participant in a criminal street gang, as defined in subdivision (f) of Section 186.22, and the murder was carried out to further the activities of the criminal street gang.

(b) Unless an intent to kill is specially required under subdivision (a) for a special circumstance enumerated therein, an actual killer, as to whom the special circumstance has been found to be true under Section 190.4, need not have had any intent to kill at the time of the commission of the offense which is the basis of the special circumstance in order to suffer death or confinement in the state prison for life without the possibility of parole.

(c) Every person, not the actual killer, who, with the intent to kill, aids, abets, counsels, commands, induces, solicits, requests, or assists any actor in the commission of murder in the first degree shall be punished by death or imprisonment in the state prison for life without the possibility of parole if one or more of the special circumstances enumerated in subdivision (a) has been found to be true under Section 190.4.

(d) Notwithstanding subdivision (c), every person, not the actual killer, who, with reckless indifference to human life and as a major participant, aids, abets, counsels, commands, induces, solicits, requests, or assists in the commission of a felony enumerated in paragraph (17) of subdivision (a) which results in the death of some person or persons, and who is found guilty of murder in the first degree therefor, shall be punished by death or imprisonment in the state prison for life without the possibility of parole if a special circumstance enumerated in paragraph (17) of subdivision (a) has been found to be true under Section 190.4.

The penalty shall be determined as provided in this section and Sections 190.1, 190.3, 190.4, and 190.5.

SEC. 7. Section 190.3 of the Penal Code is repealed.

190.3. If the defendant has been found guilty of murder in the first degree, and a special circumstance has been charged and found to be true, or if the defendant may be subject to the death penalty after having been found guilty of violating subdivision (a) of Section 1672 of the Military and Veterans Code of Sections 37, 128, 219, or 4500 of this code, the trier of fact shall determine whether the penalty shall be death or confinement in state prison for a term of life without the possibility of parole. In the proceedings on the question of penalty, evidence may be presented by both the people and the defendant as to any matter relevant to aggravation, mitigation, and sentence including, but not limited to, the nature and circumstances of the present offense, any prior felony conviction or convictions whether or not such conviction or convictions involved a crime of violence, the presence or absence of other criminal activity by the defendant which involved the use or attempted use of force or violence or which involved the express or implied threat to use force or violence, and the defendant's character, background, history, mental condition and physical condition.

However, no evidence shall be admitted regarding other criminal activity by the defendant which did not involve the use or attempted use of force or violence or which did not involve the express or implied threat to use force or violence. As used in this section, criminal activity does not require a conviction.

However, in no event shall evidence of prior criminal activity be admitted for an offense for which the defendant was prosecuted and acquitted. The restriction on the use of this evidence is intended to apply only to proceedings pursuant to this section and is not intended to affect statutory or decisional law allowing such evidence to be used in any other proceedings.

Except for evidence in proof of the offense or special circumstances which subject a defendant to the death penalty, no evidence may be presented by the prosecution in aggravation unless notice of the evidence to be introduced has been given to the defendant within a reasonable period of time as determined by the court, prior to trial. Evidence may be introduced without such notice in rebuttal to evidence introduced by the defendant in mitigation.

The trier of fact shall be instructed that a sentence of confinement to state prison for a term of life without the possibility of parole may in future after sentence is imposed, be commuted or modified to a sentence that includes the possibility of parole by the Governor of the State of California.

In determining the penalty, the trier of fact shall take into account any of the following factors, if relevant:

(a) The circumstances of the crime of which the defendant
was convicted in the present proceeding and the existence of any special circumstances found to be true pursuant to Section 190.1:

(b) The presence or absence of criminal activity by the defendant which involved the use or attempted use of force or violence or the express or implied threat to use force or violence.

(c) The presence or absence of any prior felony conviction.

(d) Whether or not the offense was committed while the defendant was under the influence of extreme mental or emotional disturbance.

(e) Whether or not the victim was a participant in the defendant’s homicidal conduct or consented to the homicidal act.

(f) Whether or not the offense was committed under circumstances which the defendant reasonably believed to be a moral justification or extenuation for his conduct.

(g) Whether or not defendant acted under extreme duress or under the substantial domination of another person.

(h) Whether or not at the time of the offense the capacity of the defendant to appreciate the criminality of his conduct or to conform his conduct to the requirements of law was impaired as a result of mental disease or defect, or the affects of intoxication.

(i) The age of the defendant at the time of the crime.

(j) Whether or not the defendant was an accomplice to the offense and his participation in the commission of the offense was relatively minor.

(k) Any other circumstance which extenuates the gravity of the crime even though it is not a legal excuse for the crime.

After having heard and received all of the evidence, and after having heard and considered the arguments of counsel, the trier of fact shall consider, take into account and be guided by the aggravating and mitigating circumstances referred to in this section, and shall impose a sentence of death if the trier of fact concludes that the aggravating circumstances outweigh the mitigating circumstances. If the trier of fact determines that the mitigating circumstances outweigh the aggravating circumstances the trier of fact shall impose a sentence of confinement in state prison for a term of life without the possibility of parole:

SEC. 8. Section 190.4 of the Penal Code is amended to read:

190.4. (a) Whenever special circumstances as enumerated in Section 190.2 are alleged and the trier of fact finds the defendant guilty of first degree murder, the trier of fact shall also make a special finding on the truth of each alleged special circumstance. The determination of the truth of any or all of the special circumstances shall be made by the trier of fact on the evidence presented at the trial or at the hearing held pursuant to Subdivision (b) of Section 190.1.

In case of a reasonable doubt as to whether a special circumstance is true, the defendant is entitled to a finding that is not true. The trier of fact shall make a special finding that each special circumstance charged is either true or not true. Whenever a special circumstance requires proof of the commission or attempted commission of a crime, such crime shall be charged and proved pursuant to the general law applying to the trial and conviction of the crime.

If the defendant was convicted by a jury, the trier of fact shall be a jury unless a jury is waived by the defendant and by the people, in which case the trier of fact shall be the court. If the defendant was convicted by a plea of guilty, the trier of fact shall be a jury unless a jury is waived by the defendant and by the people.

If the trier of fact finds that any one or more of the special circumstances enumerated in Section 190.2 as charged are true, there shall be a separate penalty hearing the defendant shall be punished by imprisonment in state prison for life without the possibility of parole, and neither the finding that any of the remaining special circumstances charged is not true, nor if the trier of fact is a jury, the inability of the jury to agree on the issue of the truth or untruth of any of the remaining special circumstances charged, shall prevent the holding of a separate penalty hearing.

In any case in which the defendant has been found guilty by a jury, and the jury has been unable to reach an unanimous verdict that one or more of the special circumstances charged are true, and does not reach a unanimous verdict that all the special circumstances charged are not true, the court shall dismiss the jury and shall order a new jury impaneled to try the issues, but the issue of guilt shall not be tried by such jury, nor shall such jury retry the issue of the truth of any of the special circumstances which were found by an unanimous verdict of the previous jury to be untrue. If such new jury is unable to reach the unanimous verdict that one or more of the special circumstances it is trying are true, the court shall dismiss the jury and in the court’s discretion shall either order a new jury impaneled to try the issues the previous jury was unable to reach the unanimous verdict on, or impose a punishment of confinement in state prison for a term of 25 years.

(b) If defendant was convicted by the court sitting without a jury the trier of fact at the penalty hearing shall be a jury unless a jury is waived by the defendant and the people, in which case the trier of fact shall be the court. If the defendant was convicted by a plea of guilty, the trier of fact shall be a jury unless a jury is waived by the defendant and the people.

If the trier of fact is a jury and has been unable to reach a unanimous verdict that one or more of the special circumstances charged are true, and the jury cannot reach a unanimous verdict as to what the penalty shall be, the court in its discretion shall either order a new jury or impose a punishment of confinement in state prison for a term of life without the possibility of parole.

(c) If the trier of fact which convicted the defendant of a crime for which he may be subject to imprisonment in state prison for life without the possibility of parole the death penalty was a jury, the same jury shall consider any plea of not guilty by reason of insanity pursuant to Section 1026, and the truth of any special circumstances which may be alleged, and the penalty to be applied, unless for good cause shown the court discharges that jury in which case a new jury shall be drawn. The court shall state facts in support of the finding of good cause upon the record and cause them to be entered into the minutes.

(d) In any case in which the defendant may be subject to the death penalty, evidence presented at any prior phase of the trial,
including any proceeding under a plea of not guilty by reason of insanity pursuant to Section 1026 shall be considered an any subsequent phase of the trial, if the trier of fact of the prior phase is the same trier of fact at the subsequent phase.

(c) In every case in which the trier of fact has returned a verdict or finding imposing the death penalty, the defendant shall be deemed to have made an application for modification of such verdict or finding pursuant to Subdivision 7 of Section 1181. In ruling on the application, the judge shall review the evidence, consider, take into account, and be guided by the aggravating and mitigating circumstances referred to in Section 190.3, and shall make a determination as to whether the jury’s findings and verdicts that the aggravating circumstances outweigh the mitigating circumstances are contrary to law or the evidence presented. The judge shall state on the record the reasons for his findings.

The judge shall set forth the reasons for his ruling on the application and direct that they be entered on the Clerk’s minutes. The denial of the modification of the death penalty verdict pursuant to subdivision (7) of Section 1181 shall be reviewed on the defendant’s automatic appeal pursuant to subdivision (b) of Section 1239. The granting of the application shall be reviewed on the People’s appeal pursuant to paragraph (6).

SEC. 9. Chapter 33 (commencing with Section 7599) is added to Division 7 of Title 1 of the Government Code, to read:

CHAPTER 33. SAFE CALIFORNIA FUND TO INVESTIGATE UNSOLVED RAPEs AND MURDERS

Funds transferred to the SAFE California Fund shall be used exclusively for the purposes of the act that added this chapter and shall not be subject to appropriation or transfer by the Legislature for any other purpose. The funds in the SAFE California Fund may be used without regard to fiscal year.

7599.2. Distribution of Moneys from SAFE California Fund

(a) At the direction of the Attorney General, the Controller shall disburse moneys deposited in the SAFE California Fund to police departments, sheriffs and district attorney offices, for the purpose of increasing the rate at which homicide and rape cases are solved. Projects and activities that may be funded include, but are not limited to, faster processing of physical evidence collected in rape cases, improving forensic science capabilities including DNA analysis and matching, increasing staffing in homicide and sex offense investigation or prosecution units, and relocation of witnesses. Moneys from the SAFE California Fund shall be allocated to police departments, sheriffs and district attorney offices through a fair and equitable distribution formula to be determined by the Attorney General.

(b) Any costs associated with the allocation and distribution of these funds shall be deducted from the SAFE California Fund. The Attorney General and Controller shall make every effort to keep the costs of allocation and distribution at or close to zero, to ensure that the maximum amount of funding is allocated to programs and activities that increase the rate at which homicide and rape cases are solved.

SEC. 10. Retroactive Application of act

(a) In order to best achieve the purpose of this act as stated in Section 3 and to achieve fairness, equality and uniformity in sentencing, this act shall be applied retroactively.

(b) In any case where a defendant or inmate was sentenced to death prior to the effective date of this act, the sentence shall automatically be converted to imprisonment in the state prison for life without the possibility of parole under the terms and conditions of this act. The State of California shall not carry out any execution following the effective date of this act.

(c) Following the effective date of this act, the Supreme Court may transfer all death penalty appeals and habeas petitions pending before the Supreme Court to any district of the Court of Appeal or superior court, in the Supreme Court’s discretion.

SEC. 11. Effective Date

This act shall become effective on the day following the election pursuant to subdivision (a) of Section 10 of Article II of the California Constitution.

SEC. 12. Severability

The provisions of this act are severable. If any provision of this act or its application is held invalid, including but not limited to Section 10, that invalidity shall not affect other provisions or applications that can be given effect without the invalid provision or application.

PROPOSED LAW

CALIFORNIA N S AGAINST SEXUAL EXPLOITATION ACT (“CASE ACT”)

SECTION 1. Title.

This measure shall be known and may be cited as the “Californians Against Sexual Exploitation Act” (“CASE Act”).
SEC. 2. Findings and Declarations.
The people of the State of California find and declare:
1. Protecting every person in our state, particularly our children, from all forms of sexual exploitation is of paramount importance.

2. Human trafficking is a crime against human dignity and a grievous violation of basic human and civil rights. Human trafficking is modern slavery, manifested through the exploitation of another's vulnerabilities.

3. Upwards of 300,000 American children are at risk of commercial sexual exploitation, according to a United States Department of Justice study. Most are enticed into the sex trade at the age of 12 to 14 years old, but some are trafficked as young as four years old. Because minors are legally incapable of consenting to sexual activity, these minors are victims of human trafficking whether or not force is used.

4. While the rise of the Internet has delivered great benefits to California, the predatory use of this technology by human traffickers and sex offenders has allowed such exploiters a new means to entice and prey on vulnerable individuals in our state.

5. We need stronger laws to combat the threats posed by human traffickers and online predators seeking to exploit women and children for sexual purposes.

6. We need to strengthen sex offender registration requirements to deter predators from using the Internet to facilitate human trafficking and sexual exploitation.

SEC. 3. Purpose and Intent.

The people of the State of California declare their purpose and intent in enacting the CASE Act to be as follows:
1. To combat the crime of human trafficking and ensure just and effective punishment of people who promote or engage in the crime of human trafficking.

2. To recognize trafficked individuals as victims and not criminals, and to protect the rights of trafficked victims.

3. To strengthen laws regarding sexual exploitation, including sex offender registration requirements, to allow law enforcement to track and prevent online sex offenses and human trafficking.

SEC. 4. Section 1161 is added to the Evidence Code, to read:

1161. (a) Evidence that a victim of human trafficking, as defined in Section 236.1 of the Penal Code, has engaged in any commercial sexual act as a result of being a victim of human trafficking is inadmissible to prove the victim's criminal liability for any conduct related to that activity.

(b) Evidence of sexual history or history of any commercial sexual act of a victim of human trafficking, as defined in Section 236.1 of the Penal Code, is inadmissible to attack the credibility or impeach the character of the victim in any civil or criminal proceeding.

SEC. 5. The heading of Chapter 8 (commencing with Section 236) of Title 8 of Part 1 of the Penal Code is amended to read:

CHAPTER 8. FALSE IMPRISONMENT AND HUMAN TRAFFICKING

SEC. 6. Section 236.1 of the Penal Code is amended to read:

236.1. (a) Any person who deprives or violates the personal liberty of another with the intent to effect or maintain a felony violation of Section 266, 266h, 266i, 267, 311.4, or 518, or to obtain forced labor or services, is guilty of human trafficking and shall be punished by imprisonment in the state prison for 5, 8, or 12 years and a fine of not more than five hundred thousand dollars ($500,000).

(b) Except as provided in subdivision (e), a violation of this section is punishable by imprisonment in the state prison for three, four, or five years.

(c) A violation of this section where the victim of the trafficking was under 18 years of age at the time of the commission of the offense is punishable by imprisonment in the state prison for four, six, or eight years.

(d) (1) For purposes of this section, unlawful deprivation or violation of the personal liberty of another includes substantial and sustained restriction of another's liberty accomplished through fraud, deceit, coercion, violence, duress, menace, or threat of unlawful injury to the victim or to another person, under circumstances where the person receiving or apprehending the threat reasonably believes that it is likely that the person making the threat would carry it out.

(2) Duress includes knowingly destroying, concealing, removing, confiscating, or possessing any actual or purported passport or immigration document of the victim.

(e) For purposes of this section, “forced labor or services” means labor or services that are performed or provided by a person and are obtained or maintained through force, fraud, coercion, or equivalent conduct that would reasonably overbear the will of the person.

(b) Any person who deprives or violates the personal liberty of another with the intent to effect or maintain a violation of Section 266, 266h, 266i, 267, 311.1, 311.2, 311.3, 311.4, 311.5, 311.6, or 518 is guilty of human trafficking and shall be punished by imprisonment in the state prison for 8, 14, or 20 years and a fine of not more than five hundred thousand dollars ($500,000).

(c) Any person who causes, induces, or persuades, or attempts to cause, induce, or persuade, a person who is a minor at the time of commission of the offense to engage in a commercial sex act, with the intent to effect or maintain a violation of Section 266, 266h, 266i, 267, 311.1, 311.2, 311.3, 311.4, 311.5, 311.6, or 518 is guilty of human trafficking. (1) Five, 8, or 12 years and a fine of not more than five hundred thousand dollars ($500,000).

(2) Fifteen years to life and a fine of not more than five hundred thousand dollars ($500,000) when the offense involves force, fear, fraud, deceit, coercion, violence, duress, menace, or threat of unlawful injury to the victim or to another person.

(d) In determining whether a minor was caused, induced, or persuaded to engage in a commercial sex act, the totality of the circumstances, including the age of the victim, his or her relationship to the trafficker or agents of the trafficker, and any handicap or disability of the victim, shall be considered.

(e) Consent by a victim of human trafficking who is a minor at the time of the commission of the offense is not a defense to a criminal prosecution under this section.
(f) Mistake of fact as to the age of a victim of human trafficking who is a minor at the time of the commission of the offense is not a defense to a criminal prosecution under this section.

(g) The Legislature finds that the definition of human trafficking in this section is equivalent to the federal definition of a severe form of trafficking found in Section 7102(8) of Title 22 of the United States Code.

(i) In addition to the penalty specified in subdivision (c), any person who commits human trafficking involving a commercial sex act where the victim of the human trafficking was under 18 years of age at the time of the commission of the offense shall be punished by a fine of not more than one hundred thousand dollars ($100,000).

(ii) As used in this subdivision, "commercial sex act" means any sexual conduct on account of which anything of value is given or received by any person.

(f) Every fine imposed and collected pursuant to this section shall be deposited in the Victim-Witness Assistance Fund to be available for appropriation to fund services for victims of human trafficking. At least 50 percent of the fines collected and deposited pursuant to this section shall be granted to community-based organizations that serve victims of human trafficking.

(h) For purposes of this chapter, the following definitions apply:

(4) "Duress" includes a direct or implied threat of force, violence, danger, hardship, or retribution sufficient to cause a reasonable person to acquiesce in or perform an act which he or she would otherwise not have submitted to or performed; a direct or implied threat to destroy, conceal, remove, confiscate, or possess any actual or purported passport or immigration document of the victim; or knowingly destroying, concealing, removing, confiscating, or possessing any actual or purported passport or immigration document of the victim.

(5) "Forced labor or services" means labor or services that are performed or provided by a person and are obtained or maintained through force, fraud, duress, or coercion, or equivalent conduct that would reasonably overbear the will of the person.

The registration shall consist of all of the following:

**PROPOSED LAW**

**THREE STRIKES REFORM ACT OF 2012**

**SECTION 1. Findings and Declarations:**

The People enact the Three Strikes Reform Act of 2012 to restore the original intent of California’s Three Strikes law—imposing life sentences for dangerous criminals like rapists, murderers, and child molesters.

This act will:

1. Require that murderers, rapists, and child molesters serve their full sentences—they will receive life sentences, even if they are convicted of a new minor third strike crime.

2. Restore the Three Strikes law to the public’s original understanding by requiring life sentences only when a defendant’s current conviction is for a violent or serious crime.

3. Maintain that repeat offenders convicted of non-violent, non-serious crimes like shoplifting and simple drug possession will receive twice the normal sentence instead of a life sentence.

4. Save hundreds of millions of taxpayer dollars every year for at least 10 years. The state will no longer pay for housing or long-term health care for elderly, low-risk, non-violent inmates serving life sentences for minor crimes.

5. Prevent the early release of dangerous criminals who are currently being released early because jails and prisons are overcrowded with low-risk, non-violent inmates serving life sentences for petty crimes.

SEC. 2. Section 667 of the Penal Code is amended to read:

667. (a) (1) In compliance with subdivision (b) of Section 1385, any person convicted of a serious felony who previously has been convicted of a serious felony in this state or of any offense committed in another jurisdiction which includes all of the elements of any serious felony, shall receive, in addition to the sentence imposed by the court for the present offense, a five-year enhancement for each such prior conviction on charges brought and tried separately. The terms of the present offense and each enhancement shall run consecutively.

(2) This subdivision shall not be applied when the punishment imposed under other provisions of law would result in a longer term of imprisonment. There is no requirement of prior incarceration or commitment for this subdivision to apply.

(3) The Legislature may increase the length of the enhancement of sentence provided in this subdivision by a statute passed by majority vote of each house thereof.

(4) As used in this subdivision, “serious felony” means a serious felony listed in subdivision (c) of Section 1192.7.

3. The length of time between the prior serious and/or violent felony conviction and the current felony conviction shall not affect the imposition of sentence.

4. There shall not be a commitment to any other facility other than the state prison. Diversion shall not be granted nor shall the defendant be eligible for commitment to the California Rehabilitation Center as provided in Article 2 (commencing with Section 3050) of Chapter 1 of Division 3 of the Welfare and Institutions Code.

(3) The inmate has no prior convictions for any of the offenses appearing in clause (iv) of subparagraph (C) of paragraph (2) of subdivision (e) of Section 667 or clause (iv) of subparagraph (C) of paragraph (2) of subdivision (c) of Section 1170.12.

(f) Upon receiving a petition for recall of sentence under this section, the court shall determine whether the petitioner satisfies the criteria in subdivision (e). If the petitioner satisfies the criteria in subdivision (e), the petitioner shall be resentenced pursuant to paragraph (1) of subdivision (e) of Section 667 and paragraph (1) of subdivision (c) of Section 1170.12 unless the court, in its discretion, determines that resentencing the petitioner would pose an unreasonable risk of danger to public safety.

(g) In exercising its discretion in subdivision (f), the court may consider:

(1) The petitioner’s criminal conviction history, including the type of crimes committed, the extent of injury to victims, the length of prior prison commitments, and the remoteness of the crimes;
(2) The petitioner’s disciplinary record and record of rehabilitation while incarcerated; and
(3) Any other evidence the court, within its discretion, determines to be relevant in deciding whether a new sentence would result in an unreasonable risk of danger to public safety.
(h) Under no circumstances may resentencing under this act result in the imposition of a term longer than the original sentence.
(i) Notwithstanding subdivision (b) of Section 977, a defendant petitioning for resentencing may waive his or her appearance in court for the resentencing, provided that the accusatory pleading is not amended at the resentencing, and that no new trial or retrial of the individual will occur. The waiver shall be in writing and signed by the defendant.
(j) If the court that originally sentenced the defendant is not available to resentence the defendant, the presiding judge shall designate another judge to rule on the defendant’s petition.
(k) Nothing in this section is intended to diminish or abrogate any rights or remedies otherwise available to the defendant.
(l) Nothing in this and related sections is intended to diminish or abrogate the finality of judgments in any case not falling within the purview of this act.
(m) A resentencing hearing ordered under this act shall constitute a “post-conviction release proceeding” under paragraph (7) of subdivision (b) of Section 28 of Article I of the California Constitution (Marsy’s Law).

This act is an exercise of the public power of the people of the State of California for the protection of the health, safety, and welfare of the people of the State of California, and shall be liberally construed to effectuate those purposes.

SEC. 8. Severability:
If any provision of this act, or the application thereof to any person or circumstance, is held invalid, that invalidity shall not affect any other provision or application of this act, which can be given effect without the invalid provision or application in order to effectuate the purposes of this act. To this end, the provisions of this act are severable.

SEC. 9. Conflicting Measures:
If this measure is approved by the voters, but superseded by any other conflicting ballot measure approved by more voters at the same election, and the conflicting ballot measure is later held invalid, it is the intent of the voters that this act shall be given the full force of law.

SEC. 10. Effective Date:
This act shall become effective on the first day after enactment by the voters.

SEC. 11. Amendment:
Except as otherwise provided in the text of the statutes, the provisions of this act shall not be altered or amended except by one of the following:
(a) By statute passed in each house of the Legislature, by rollcall entered in the journal, with two-thirds of the membership and the Governor concurring; or
(b) By statute passed in each house of the Legislature, by rollcall vote entered in the journal, with a majority of the membership concurring, to be placed on the next general ballot and approved by a majority of the electors; or
(c) By statute that becomes effective when approved by a majority of the electors.

PROPOSITION 37
This initiative measure is submitted to the people in accordance with the provisions of Article II, Section 8, of the California Constitution.
This initiative measure amends and adds sections to the Health and Safety Code; therefore, new provisions proposed to be added are printed in italic type to indicate that they are new.

PROPOSED LAW
The people of the State of California do enact as follows:

THE CALIFORNIA RIGHT TO KNOW GENETICALLY ENGINEERED FOOD ACT

SECTION 1. FINDINGS AND DECLARATIONS
(a) California consumers have the right to know whether the foods they purchase were produced using genetic engineering. Genetic engineering of plants and animals often causes unintended consequences. Manipulating genes and inserting them into organisms is an imprecise process. The results are not always predictable or controllable, and they can lead to adverse health or environmental consequences.
(b) Government scientists have stated that the artificial insertion of DNA into plants, a technique unique to genetic engineering, can cause a variety of significant problems with plant foods. Such genetic engineering can increase the levels of known toxicants in foods and introduce new toxicants and health concerns.
(c) Mandatory identification of foods produced through genetic engineering can provide a critical method for tracking the potential health effects of eating genetically engineered foods.
(d) No federal or California law requires that food producers identify whether foods were produced using genetic engineering. At the same time, the U.S. Food and Drug Administration does not require safety studies of such foods. Unless these foods contain a known allergen, the FDA does not even require developers of genetically engineered crops to consult with the agency.
(e) Polls consistently show that more than 90 percent of the public want to know if their food was produced using genetic engineering.
(f) Fifty countries—including the European Union member states, Japan and other key U.S. trading partners—have laws mandating disclosure of genetically engineered foods. No international agreements prohibit the mandatory identification of foods produced through genetic engineering.
(g) Without disclosure, consumers of genetically engineered food can unknowingly violate their own dietary and religious restrictions.
(h) The cultivation of genetically engineered crops can also cause serious impacts to the environment. For example, most genetically engineered crops are designed to withstand weed-
killing pesticides known as herbicides. As a result, hundreds of millions of pounds of additional herbicides have been used on U.S. farms. Because of the massive use of such products, herbicide-resistant weeds have flourished— a problem that has resulted, in turn, in the use of increasingly toxic herbicides. These toxic herbicides damage our agricultural areas, impair our drinking water, and pose health risks to farm workers and consumers. California consumers should have the choice to avoid purchasing foods production of which can lead to such environmental harm. (i) Organic farming is a significant and increasingly important part of California agriculture. California has more organic cropland than any other state and has almost one out of every four certified organic operations in the nation. California’s organic agriculture is growing faster than 20 percent a year. (j) Organic farmers are prohibited from using genetically engineered seeds. Nonetheless, these farmers’ crops are regularly threatened with accidental contamination from neighboring lands where genetically engineered crops abound. This risk of contamination can erode public confidence in California’s organic products, significantly undermining this industry. Californians should have the choice to avoid purchasing foods whose production could harm the state’s organic farmers and its organic foods industry. (k) The labeling, advertising and marketing of genetically engineered foods using terms such as “natural,” “naturally made,” “naturally grown,” or “all natural” is misleading to California consumers. SEC. 2. STATEMENT OF PURPOSE

The purpose of this measure is to create and enforce the fundamental right of the people of California to be fully informed about whether the food they purchase and eat is genetically engineered and not misbranded as natural so that they can choose for themselves whether to purchase and eat such foods. It shall be liberally construed to fulfill this purpose.

SEC. 3. Article 6.6 (commencing with Section 110808) is added to Chapter 5 of Part 5 of Division 104 of the Health and Safety Code, to read:

ARTICLE 6.6.
THE CALIFORNIA RIGHT TO KNOW GENETICALLY ENGINEERED FOOD ACT

(b) Enzyme. “Enzyme” means a protein that catalyzes chemical reactions of other substances without itself being destroyed or altered upon completion of the reactions. (c) Genetically engineered. (1) “Genetically engineered” means any food that is produced from an organism or organisms in which the genetic material has been changed through the application of:
(A) In vitro nucleic acid techniques, including recombinant deoxyribonucleic acid (DNA) techniques and the direct injection of nucleic acid into cells or organelles, or
(B) Fusion of cells, including protoplast fusion, or hybridization techniques that overcome natural physiological, reproductive, or recombination barriers, where the donor cells/ protoplasts do not fall within the same taxonomic family, in a way that does not occur by natural multiplication or natural recombination.
(2) For purposes of this subdivision:
(A) “Organism” means any biological entity capable of replication, reproduction, or transferring genetic material. (B) “In vitro nucleic acid techniques” include, but are not limited to, recombinant DNA or RNA techniques that use vector systems and techniques involving the direct introduction into the organisms of hereditary materials prepared outside the organisms such as micro-injection, macro-injection, chemoporation, electroporation, micro-encapsulation, and liposome fusion.
(d) Processed food. “Processed food” means any food other than a raw agricultural commodity, and includes any food produced from a raw agricultural commodity that has been subject to processing such as canning, smoking, pressing, cooking, freezing, dehydration, fermentation, or milling.
(e) Processing aid. “Processing aid” means:
(1) A substance that is added to a food during the processing of such food, but is removed in some manner from the food before it is packaged in its finished form; (2) A substance that is added to a food during processing, is converted into constituents normally present in the food, and does not significantly increase the amount of the constituents naturally found in the food; or (3) A substance that is added to a food for its technical or functional effect in the processing, but is present in the finished food at insignificant levels and does not have any technical or functional effect in that finished food.
(f) Food Facility. “Food facility” shall have the meaning set forth in Section 113789.
110809. Disclosure With Respect to Genetic Engineering of Food
(a) Commencing July 1, 2014, any food offered for retail sale in California is misbranded if it is or may have been entirely or partially produced with genetic engineering and that fact is not disclosed:
(1) In the case of a raw agricultural commodity on the package offered for retail sale, with the clear and conspicuous words “Genetically Engineered” on the front of the package of such commodity or, in the case of any such commodity that is not separately packaged or labeled, on a label appearing on the retail store shelf or bin in which such commodity is displayed for sale; (2) In the case of any processed food, in clear and conspicuous language on the front or back of the package of such food, with the words “Partially Produced with Genetic Engineering” or “May be Partially Produced with Genetic Engineering.”
(b) Subdivision (a) of this section and subdivision (e) of Section 110809.2 shall not be construed to require either the listing or identification of any ingredient or ingredients that were genetically engineered or that the term “genetically engineered” should be prominently displayed on the package of the food so that it shall be easily visible and readable.
(c) The term “made with” or “made with genetic engineering” shall not be used in the labeling or packaging of any food that is or may have been entirely or partially produced with genetic engineering.
(d) The labeling, advertising and marketing of genetically engineered foods shall not include any false or misleading representation or statement, or any representation or statement that is objectively inaccurate. It shall be unlawful to represent or state that any food is “natural,” “naturally made,” “naturally grown,” or “all natural” if it is or may have been entirely or partially produced with genetic engineering.
SEC. 4. EFFECTIVE DATE
This article shall take effect on July 1, 2014.
engineered” be placed immediately preceding any common name or primary product descriptor of a food.

110809.1. Misbranding of Genetically Engineered Foods as “Natural”

In addition to any disclosure required by Section 110809, if a food meets any of the definitions in subdivision (c) or (d) of Section 110809, and is not otherwise exempted from labeling under Section 110809.2, the food may not in California, on its label, accompanying signage in a retail establishment, or in any advertising or promotional materials, state or imply that the food is “natural,” “naturally made,” “naturally grown,” “all natural,” or any words of similar import that would have any tendency to mislead any consumer.

110809.2. Labeling of Genetically Engineered Food—Exemptions

The requirements of Section 110809 shall not apply to any of the following:

(a) Food consisting entirely of, or derived entirely from, an animal that has not itself been genetically engineered, regardless of whether such animal has been fed or injected with any genetically engineered food or any drug that has been produced through means of genetic engineering.

(b) A raw agricultural commodity or food derived therefrom that has been grown, raised, or produced without the knowing and intentional use of genetically engineered seed or food. Food will be deemed to be described in the preceding sentence only if the person otherwise responsible for complying with the requirements of subdivision (a) of Section 110809 with respect to a raw agricultural commodity or food obtains, from whoever sold the commodity or food to that person, a sworn statement that such commodity or food: (1) has not been knowingly or intentionally genetically engineered; and (2) has been segregated from, and has not been knowingly or intentionally commingled with, food that may have been genetically engineered at any time. In providing such a sworn statement, any person may rely on a sworn statement from his or her own supplier that contains the affirmation set forth in the preceding sentence.

(c) Any processed food that would be subject to Section 110809 solely because it includes one or more genetically engineered processing aids or enzymes.

(d) Any alcoholic beverage that is subject to the Alcoholic Beverage Control Act, set forth in Division 9 (commencing with Section 23000) of the Business and Professions Code.

(e) Until July 1, 2019, any processed food that would be subject to Section 110809 solely because it includes one or more genetically engineered ingredients, provided that: (1) no single such ingredient accounts for more than one-half of one percent of the total weight of such processed food; and (2) the processed food does not contain more than 10 such ingredients.

(f) Food that an independent organization has determined has not been knowingly and intentionally produced from or commingled with genetically engineered seed or genetically engineered food, provided that such determination has been made pursuant to a sampling and testing procedure approved in regulations adopted by the department. No sampling procedure shall be approved by the department unless sampling is done according to a statistically valid sampling plan consistent with principles recommended by internationally recognized sources such as the International Standards Organization (ISO) and the Grain and Feed Trade Association (GAFTA). No testing procedure shall be approved by the department unless: (1) it is consistent with the most recent “Guidelines on Performance Criteria and Validation of Methods for Detection, Identification and Quantification of Specific DNA Sequences and Specific Proteins in Foods,” (CAC/GL 74 (2010)) published by the Codex Alimentarius Commission; and (2) it does not rely on testing of processed foods in which no DNA is detectable.

(g) Food that has been lawfully certified to be labeled, marketed, and offered for sale as “organic” pursuant to the federal Organic Food Products Act of 1990 and the regulations promulgated pursuant thereto by the United States Department of Agriculture.

(h) Food that is not packaged for retail sale and that either: (1) is a processed food prepared and intended for immediate human consumption or (2) is served, sold, or otherwise provided in any restaurant or other food facility that is primarily engaged in the sale of food prepared and intended for immediate human consumption.

(i) Medical food.

110809.3. Adoption of Regulations

The department may adopt any regulations that it determines are necessary for the enforcement and interpretation of this article, provided that the department shall not be authorized to create any exemptions beyond those specified in Section 110809.2.

110809.4. Enforcement

In addition to any action under Article 4 (commencing with Section 111900) of Chapter 8, any violation of Section 110809 or 110890.1 shall be deemed a violation of paragraph (5) of subdivision (a) of Section 1770 of the Civil Code and may be prosecuted under Title 1.5 (commencing with section 1750) of Part 4 of Division 3 of the Civil Code, save that the consumer bringing the action need not establish any specific damage from, or prove any reliance on, the alleged violation. The failure to make any disclosure required by Section 110809, or the making of a statement prohibited by section 110809.1, shall each be deemed to cause damage in at least the amount of the actual or offered retail price of each package or product alleged to be in violation.

SEC. 4. ENFORCEMENT

Section 111910 of the Health and Safety Code is amended to read:

111910. (a) Notwithstanding the provisions of Section 111900 or any other provision of law, any person may bring an action in superior court pursuant to this section and the court shall have jurisdiction upon hearing and for cause shown, to grant a temporary or permanent injunction restraining any person from violating any provision of Article 6.6 (commencing with Section 110808), or Article 7 (commencing with Section 110810) of Chapter 5. Any proceeding under this section shall conform to the requirements of Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure, except that the person shall not be required to allege facts
necessary to show, or tending to show, lack of adequate remedy at law, or to show, or tending to show, irreparable damage or loss, or to show, or tending to show, unique or special individual injury or damages.

(b) In addition to the injunctive relief provided in subdivision (a), the court may award to that person, organization, or entity reasonable attorney's fees and all reasonable costs incurred in investigating and prosecuting the action as determined by the court.

(c) This section shall not be construed to limit or alter the powers of the department and its authorized agents to bring an action to enforce this chapter pursuant to Section 111900 or any other provision of law.

SEC. 5. MISBRANDING

Section 110663 is added to the Health and Safety Code, to read:

110663. Any food is misbranded if its labeling does not conform to the requirements of Section 110809 or 110809.1.

SEC. 6. SEVERABILITY

If any provision of this initiative or the application thereof is for any reason held to be invalid or unconstitutional, that shall not affect other provisions or applications of the initiative that can be given effect without the invalid or unconstitutional provision or application, and to this end the provisions of this initiative are severable.

SEC. 7. CONSTRUCTION WITH OTHER LAWS

This initiative shall be construed to supplement, not to supersede, the requirements of any federal or California statute or regulation that provides for less stringent or less complete labeling of any raw agricultural commodity or processed food subject to the provisions of this initiative.

SEC. 8. EFFECTIVE DATE

This initiative shall become effective upon enactment pursuant to subdivision (a) of Section 10 of Article II of the California Constitution.

SEC. 9. CONFLICTING MEASURES

In the event that another measure or measures appearing on the same statewide ballot impose additional requirements relating to the production, sale and/or labeling of genetically engineered food, then the provisions of the other measure or measures, if approved by the voters, shall be harmonized with the provisions of this act, provided that the provisions of the other measure or measures do not prevent or excuse compliance with the requirements of this act.

In the event that the provisions of the other measure or measures prevent or excuse compliance with the provisions of this act, and this act receives a greater number of affirmative votes, then the provisions of this act shall prevail in their entirety, and the other measure or measures shall be null and void.

SEC. 10. AMENDMENTS

PROPOSITION 38

This initiative measure is submitted to the people in accordance with the provisions of Section 8 of Article II of the California Constitution.

This initiative measure amends and adds sections to the Education Code, the Penal Code, and the Revenue and Taxation Code; therefore, existing provisions proposed to be deleted are printed in strikeout type and new provisions proposed to be added are printed in italic type to indicate that they are new.

PROPOSED LAW

OUR CHILDREN, OUR FUTURE: LOCAL SCHOOLS AND EARLY EDUCATION INVESTMENT AND BOND DEBT REDUCTION ACT

SECTION 1. Title.

This measure shall be known and may be cited as “Our Children, Our Future: Local Schools and Early Education Investment and Bond Debt Reduction Act.”

SEC. 2. Findings and Declaration of Purpose.

(a) California is shortchanging the future of our children and our state. Today, our state ranks 46th nationally in what we invest to educate each student. California also ranks dead last, 50th out of 50 states, with the largest class sizes in the nation.

(b) Recent budget cuts are putting our schools even farther behind. Over the last three years, more than $20 billion has been cut from California schools; essential programs and services that all children need to be successful have been eliminated or cut; and over 40,000 educators have been laid off.

(c) We are also falling behind with our early childhood development programs, which many studies confirm are one of the best educational investments we can make. Our underfunded public preschool programs serve only 40 percent of eligible three- and four-year olds. Only 5 percent of very low income infants and toddlers, who need the support most, have access to early childhood programs.

(d) We can and must do better. Children are our future. Investing in our schools and early childhood programs to prepare children to succeed is the best thing we can do for our children and the future of our economy and our state. Without a quality education, our children will not be able to compete in a global economy. Without a skilled workforce, our state will not be able to compete for jobs. We owe it to our children and to ourselves to improve our children's education.

(e) It is time to make a real difference: no more half-measures but real, transformative investment in the schools on which the future of our state and our families depends. This act will enable schools to provide a well-rounded education that supports college and career readiness for every student, including a high-quality curriculum of the arts, music, physical education, science, technology, engineering, math, and vocational and technical education courses; smaller class sizes; school libraries, school nurses, and counselors.

(f) This act requires that decisions about how best to use new funds to improve our schools must be made not in Sacramento, but locally, with respect for the voices of parents, teachers, other school staff, and community members. It requires local school...
boards to work with parents, teachers, other school staff, and community members to decide what is most needed at each particular school.

(g) In order for all our schools to be transformed, so that all our children benefit, this act makes sure that new funding gets to every local school—including charter schools, county schools, and schools for children with special needs—and is allocated fairly and transparently. New funding will be allocated to every local school on a per-pupil basis, with funds required to be spent at local schools, not district headquarters.

(h) This measure holds local school boards accountable for how they spend new taxpayer money. They are required to explain how expenditures will improve educational outcomes and how they propose to determine whether the expenditures were successful. They will be required to report back on what results were achieved so that parents, teachers, and the community will know whether their money is being used wisely.

(i) This act limits what schools can spend from these new funds on administrative costs to no more than 1 percent and ensures schools may not use these new funds to increase salaries and benefits.

(j) This act will help prepare disadvantaged young children to succeed in school and in life by raising standards for early childhood education programs and by expanding the number of children who can attend.

(k) As Californians, we all should share in the cost of improving our schools and early education programs because we all share in the benefits that better schools and a well-educated workforce will bring to our economy and the quality of life in our state.

(l) Our schools and early childhood programs have suffered from years of being shortchanged. Rather than allow further cutbacks, we need to increase funding to provide every child an opportunity to succeed. If we all join together to send more resources to all our children and classrooms, and we all participate in ensuring good decisions are made about how to use these funds effectively, we can once again make California schools great and grow our economy.

(m) This measure raises the money needed to invest in our children through a sliding scale income tax increase which varies with taxpayers' ability to pay, with the highest income earners contributing the most.

(n) During the first four years of this initiative, as described below, 60 percent of the funds will go to K–12 schools, 10 percent will go to early education and 30 percent will go to reduce state debt and prevent further harmful budget cuts that could undermine these new educational investments. For the remaining eight years of the initiative, from 2017 on, 100 percent of the funds will go to increase K–12 and early education funding. To avoid wide fluctuations in revenue and ensure continued investment in needed school and early education facilities, any revenues that exceed the rate of growth of California per capita personal income will be used to help service and pay down existing state education bond debt, ensuring California’s ability to issue new bonds, as needed, to build and modernize school and early education facilities.

(o) All the new money raised by this initiative will be put in a separate trust fund that can only be spent for local schools, for early childhood care and education, and to help service and retire school bond debt, according to the provisions of this act. The Legislature and the Governor will not be allowed to use this money for anything else, nor will they be able to change the per-pupil allocation system that ensures money flows fairly to every local school.

(p) This initiative contains tough, effective accountability provisions that require oversight, audits, and public disclosure. For the first time, we will have transparent schoolsite budgets and know exactly how our money is being spent in every school. Any one who knowingly violates the allocation or distribution provisions of this act will be guilty of a felony.

(q) The initiative also builds in an extra layer of accountability by ending the tax after 12 years unless it is re-approved by the voters. That gives our schools enough time to show that the new funds have actually improved educational outcomes, while protecting taxpayers by eliminating the tax if voters decide they don’t want to keep it.

(r) This initiative will be taking effect as California grapples with one of the worst economic downturns in its history. If the initiative were fully implemented immediately and nothing were done to help close our state’s budget deficit, continuing extreme budget cuts could deprive our schools and children of the support they need to fully benefit from the educational investments provided by this act. Therefore, this initiative will be implemented in two phases. For the first four fiscal years, until the end of 2016–17, 30 percent of the funds—about $3 billion—will go to service and retire state school bond and other bond debt, freeing up a like amount to meet other budget needs critical to the overall well-being of children and the families and communities in which they live. Beginning in the 2017–18 fiscal year, the initiative will be fully implemented, and 100 percent of the funds will be new money, which cannot be used in place of Proposition 98 or any other current funding for K–12 education or early childhood programs. The result of this phased approach will be that, beginning immediately, 70 percent of the funds will be used to increase funding for schools and early education programs as required by this act, and after four years, all of the funds—100 percent—must be spent for that purpose to fulfill our obligation to our children and our future.

SEC. 3. Purpose and Intent.

The people of the State of California declare that this act is intended to do the following:

(a) To strengthen and support California’s public schools, including charter schools, by increasing per-pupil funding to improve academic performance, graduation rates, and vocational, college, career, and life readiness.

(b) To strengthen and support the education of California’s children by restoring funding, improving quality, and expanding access to early care and education programs for disadvantaged and at-risk children.

(c) To create more accountability, transparency, and community involvement in how public education funds are spent.

(d) To ensure that the revenues generated by this act will be used for K–12 educational activities at the schoolsite; to expand
enrollments. Statewide enrollment shall be the sum of all LEAs' enrolments, and provides direct instructional services to, pupils in a school, or school for special needs children, that annually enrolls, and provides direct instructional services to, pupils in any or all of grades kindergarten through 12 and that is under the operational jurisdiction of any LEA. The term “kindergarten” in this part includes transitional kindergarten.

(c) “Early care and education” or “ECE” means preschool and other programs that are designed to care for and further the education of children from birth to kindergarten eligibility, including both programs providing early care and education to children and programs that strengthen the early care and education capacity of parents and caregivers so that they can better serve children.

(d) For the 2013–14 school year, a school’s “enrollment” means the October enrollment figures reported for the 2012–13 school year, reduced or increased by the average percentage growth or decline in its October enrollment figures over the past three school years. For all subsequent years, a school's “enrollment” means the average monthly active enrollment for the prior school year calculated pursuant to Section 46305, or the October enrollment for the prior school year if the Section 46305 figure is not available, reduced or increased by the average percentage growth or decline in these enrollment figures over the past three school years. Each LEA's enrollment shall be the sum of enrollments at all schools under that LEA's jurisdiction. Statewide enrollment shall be the sum of all LEAs' enrollments.

(e) “Educational program” means expenditures for the following purposes at a K–12 schoolsite, approved at a public hearing by the governing board of the LEA with jurisdiction over the school, to improve the pupils' academic performance, graduation rates, and vocational, career, college, and life readiness:

1. Instruction in the arts, physical education, science, technology, engineering, mathematics, history, civics, financial literacy, English and foreign languages, and technical, vocational, or career education.
2. Smaller class sizes.
3. More counselors, librarians, school nurses, and other support staff at the schoolsite.
4. Expanded learning time through longer school days or longer school years, summer school, preschool, after school enrichment programs, and tutoring.
5. Additional social and academic support for English language learners, low-income pupils, and pupils with special needs.
6. Alternative education models that build pupils' capacity for critical thinking and creativity.
7. More communication and engagement with parents as true partners with schools in helping all children succeed.
8. Alternative education models that build pupils' capacity for critical thinking and creativity.
9. “Superintendent” means the Superintendent of Public Instruction.

(e) CETF funds shall be allocated and used exclusively as set forth in this act and shall not be used to pay administrative costs except as specifically authorized by the act. Notwithstanding any other provision of law, CETF funds shall not be transferred or loaned to the General Fund or to any other fund, person, or entity for any purpose or at any time except as expressly permitted in Section 14813.

(d) CETF funds allocated to LEAs shall be the sum of enrollments at all schools under that LEA's jurisdiction. Statewide enrollment shall be the sum of all LEAs' enrollments.

(e) “Educational program” means expenditures for the
corrected for changes in the cost of living and, with respect to federal funds, for any overall decline in federal funding availability. The amounts appropriated from funds other than the CETF for support of the K–12 education system and early care and education programs, whether constitutionally mandated or otherwise, shall not be reduced as a result of funds allocated pursuant to this act.

14802. (a) The Fiscal Oversight Board is hereby created to provide oversight and accountability in the distribution and use of all CETF funds. The members of the board are the Controller, the State Auditor, the Treasurer, the Attorney General, and the Director of Finance. The Fiscal Oversight Board shall be responsible for ensuring that CETF funds are distributed exactly as provided by this part and are used solely for the purposes set forth in this part.

(b) Notwithstanding any other provision of law, the actual costs incurred by the Fiscal Oversight Board, the Controller, and the Superintendent in administering the California Education Trust Fund shall be paid by CETF funds; provided, however, that such costs may not exceed three-tenths of 1 percent of all revenues collected in the fund over any three-year period, an average of one-tenth of 1 percent annually. Until the end of fiscal year 2016–17, 30 percent of the costs authorized by this section shall be deducted from the temporary support funds provided pursuant to Section 14802.1, 60 percent of the costs authorized by this section shall be deducted from the funds set aside for K–12 pursuant to Section 14803, and 10 percent of the costs authorized by this section shall be deducted from the funds set aside for ECE pursuant to Section 14803. Thereafter, 85 percent of the costs authorized by this section shall be deducted from the funds set aside for K–12, and 15 percent shall be deducted from the funds set aside for ECE, pursuant to Section 14803.

(c) The Fiscal Oversight Board may adopt such regulations, including emergency regulations, as are necessary to fulfill its obligations under this act.

14802.1. (a) Until the end of the 2016–17 fiscal year, the Controller shall allocate 30 percent of CETF funds as provided in this section and the remainder in accordance with Sections 14803, 14804, 14805, 14806, and 14807. Thereafter, all CETF funds shall be allocated pursuant to Sections 14803, 14804, 14805, 14806, and 14807.

(b) Until the end of the 2016–17 fiscal year, the term “CETF funds” as used in Section 14803 shall refer to the 70 percent of CETF funds that are allocated in accordance with Sections 14803, 14804, 14805, 14806, and 14807, and the term “temporary support funds” shall refer to the 30 percent of CETF funds that are allocated pursuant to this section.

(c) Until the end of the 2016–17 fiscal year, on a quarterly basis, the Controller shall draw warrants on and distribute the temporary support funds to the Education Debt Service Fund established by Section 14813 for distribution pursuant to that section.

14803. (a) During the first two full fiscal years following the effective date of this act, the Controller shall set aside 85 percent of CETF funds for allocation to local educational agencies for K–12 schools, and 15 percent of CETF funds for allocation to the Superintendent for provision to early care and education programs, in the amounts and manner set forth in this act. These funds, minus actual costs pursuant to subdivision (b) of Section 14802, shall be deemed “available revenues” under Section 14804.

(b) In order to provide stability and avoid wide fluctuations in funding, CETF funds shall be distributed as follows in each fiscal year subsequent to the first two full fiscal years following the effective date of this act:

1. (1) A commencing with the 2015–16 fiscal year and for every year other than the 2017–18 fiscal year, at the beginning of the fiscal year, the Fiscal Oversight Board shall determine the average rate at which California personal income per capita has grown over the previous five years and shall apply that percentage rate of growth to the CETF funds that were distributed to LEAs and the Superintendent from the California Education Trust Fund in the fiscal year that just ended.

2. (2) For the 2017–18 fiscal year only, in order to make the transition from the temporary support funds provided by subdivision (a) of Section 14802.1 to full funding of K–12 schools and ECE programs, at the beginning of the fiscal year, the Fiscal Oversight Board shall determine the average rate at which California personal income per capita has grown over the previous five years and shall apply that percentage rate of growth to the product of 1.429 times the amount of CETF funds that were distributed to LEAs and the Superintendent from the California Education Trust Fund in the fiscal year that just ended.

(c) CETF funds that exceed available revenues shall be distributed at the end of the fiscal year pursuant to Section 14813.

(d) All CETF funds allocated to LEAs shall be spent by LEAs within one year of receipt; provided, however, that LEAs may carry over no more than 10 percent of these moneys for expenditure in the following school year. The Fiscal Oversight Board shall recapture any funds not expended within the original one-year period and any funds carried over but not spent within the following year. All funds that are recaptured shall be deemed available revenues, shall be combined with other available revenues, and shall be reallocated in accordance with Section 14804.

14804. (a) On a quarterly basis, the Controller shall draw warrants on and distribute 15 percent of the available revenues to the Superintendent for provision to early care and education programs and supports in the manner and amounts provided by Chapter 1.8 (commencing with Section 8160) of Part 6.

(b) On a quarterly basis, the Controller shall draw warrants on and distribute 85 percent of the available revenues to LEAs, earmarked for expenditure at each K–12 school within each LEA’s jurisdiction, in the amounts calculated by the Controller pursuant to Sections 14805 to 14807, inclusive.

(c) This section, and Sections 14802.1, 14803, 14805, 14806, and 14807, are self-executing and require no legislative action to take effect. Distribution of CETF funds and temporary
support funds shall not be delayed or otherwise affected by failure of the Legislature and the Governor to enact an annual Budget Bill pursuant to Section 12 of Article IV of the California Constitution, nor by any other action or inaction on the part of the Governor or the Legislature.

14805. Of the available revenues allocated for quarterly distribution to LEAs under subdivision (b) of Section 14804, the Controller shall distribute 70 percent as per-pupil educational program grants. The number and size of the educational program grants to be distributed to each LEA, and the number and size of the educational program grants to be earmarked for each K–12 school under the LEA’s jurisdiction, shall be as follows:

(a) The Controller shall establish a uniform, statewide per-pupil grant for each of the following three grade level groupings: kindergarten through 3rd grade, inclusive (the “K–3 grant”), 4th through 8th grade, inclusive (the “4–8 grant”), and 9th through 12th grade, inclusive (the “9–12 grant”).

(b) These uniform grants shall be based on total statewide enrollment in each of the three grade level groupings. The per-pupil 4–8 grant amount shall be 120 percent of the per-pupil K–3 grant amount, and the per-pupil 9–12 grant amount shall be 140 percent of the per-pupil K–3 grant amount.

(c) Each LEA shall receive the same number of K–3 grants as it has enrollment in kindergarten through 3rd grade, inclusive; the same number of 4–8 grants as it has enrollment in 4th through 8th grade, inclusive; and the same number of 9–12 grants as it has enrollment in 9th through 12th grade, inclusive.

(d) Each of these per-pupil grants shall be earmarked for the specific K–12 school whose enrollment gave rise to the LEA’s eligibility for that grant.

(e) The grade level adjustments provided in subdivisions (a) and (b) shall be the only deviation allowed in the equal per-pupil distribution of the educational program funds to all K–12 schools according to their enrollments.

14806. Of the available revenues allocated for quarterly distribution to LEAs under subdivision (b) of Section 14804, the Controller shall distribute 18 percent as low-income per-pupil grants. The number and size of the low-income per-pupil grants to be distributed to each eligible LEA, and the number and size of the low-income per-pupil grants to be earmarked for each K–12 school under the LEA’s jurisdiction, shall be as follows:

(a) Based on the total statewide enrollment of pupils in all K–12 schools who are identified as eligible for free meals under the Income Eligibility Guidelines established by the United States Department of Agriculture to implement the federal Richard B. Russell National School Lunch Act and the federal Child Nutrition Act of 1966 (“free meal eligible pupils”), the Controller shall establish a uniform, statewide per-pupil grant to provide additional educational support for these low-income pupils (“the low-income per-pupil grant”).

(b) Each LEA shall receive the same number of low-income per-pupil grants as it has free-meal-eligible pupils.

(c) Each of these low-income per-pupil grants shall be earmarked for the specific K–12 school whose free meal eligible pupil enrollment gave rise to the LEA’s eligibility for that grant.

14807. Of the available revenues allocated for quarterly distribution to LEAs under subdivision (b) of Section 14804, the Controller shall distribute 12 percent for training, technology, and teaching materials grants on a per-pupil basis. The number and size of these grants to be distributed to each LEA, and the number and size of the grants to be earmarked for each K–12 school under the LEA’s jurisdiction, shall be as follows:

(a) Based on total statewide enrollment for all K–12 schools, the Controller shall establish a uniform, statewide per-pupil grant to support increased instructional skills for K–12 school staff and up-to-date technology and teaching materials (“training, technology, and teaching materials grants” or “3T grants”).

(b) Each LEA shall receive the same number of 3T grants as it has pupils, based on the LEA’s enrollment.

(c) Each of these per-pupil 3T grants shall be earmarked for the specific K–12 school whose enrollment gave rise to the LEA’s eligibility for that grant.

14808. (a) With the limited exceptions provided in paragraph (2) of subdivision (c), funds LEAs receive pursuant to Sections 14805, 14806, and 14807 shall be expended or encumbered only at the specific K–12 school for which they were earmarked pursuant to subdivision (d) of Section 14805, subdivision (c) of Section 14806, and subdivision (c) of Section 14807, respectively, and shall be used exclusively for purposes authorized by this section.

(b) Educational program and low-income pupil grants may be used for educational programs or, up to a total of 200 percent of any school’s 3T grants, for any purpose permitted for a 3T grant. 3T grants shall be spent exclusively for up-to-date teaching materials and technology and to strengthen skills of school staff in ways that improve pupils’ academic performance, graduation rates, and vocational, career, college, and life readiness.

(c) (1) Other than as specifically provided for in paragraph (2), all funds received pursuant to Sections 14805 to 14807, inclusive, shall be spent only for the direct provision of services or materials at K–12 school sites and shall not be spent on any service or material not physically delivered to the school or its pupils; nor for any full-time personnel who do not spend at least 90 percent of their compensated time physically present at the school or with the school’s pupils; nor for any personnel except to cover the amount of time the personnel are physically present at the school or with the school’s pupils; nor for any direct or indirect administrative costs incurred by the LEA.

(2) (A) The governing board of each LEA may withhold, on an equal percentage basis from each of the per-pupil grants it receives, an amount sufficient to cover its actual costs in complying with this part’s public meeting, audit, budget, and reporting requirements. Funds withheld for such purposes shall not exceed 2 percent of total grants received in any two-year period, an average of 1 percent per year.

(B) Costs of skills improvement programs provided off site to members of the school’s staff specifically to enhance their skills in providing services at the site or to the school’s pupils may be covered by these per-pupil grants, when the offsite provision of such services is more cost effective than onsite provision.

(d) No CETF funds shall be used to increase salary or benefits for any personnel or category of personnel beyond the
salary and benefits that were in place for those personnel or that category of personnel as of November 1, 2012; provided, however, that positions partially or totally funded by this act may receive from CETF funds salary and benefit increases adopted by a governing board and equivalent to increases being received by other like employees in the school on a proportional basis to their partial or full-time status.

14809. No later than 30 days following each quarterly allocation of CETF funds to LEAs, the Fiscal Oversight Board shall create a list of each LEA that received funds and the amount of funds earmarked for each school within that LEA under each of the funding categories specified in Sections 14805, 14806, and 14807. The board shall publish this list online at a suitable location, and the Superintendent shall publish a link to the online listing in a prominent spot on the home page of the Superintendent’s Internet Web site.

14810. Neither the Legislature nor the Governor, nor any other state or local governmental body except the governing board of the LEA that has operational jurisdiction over a school, shall direct how CETF funds are used at that school. Each LEA’s governing board shall have sole authority over that decision, subject, however, to the following:

(a) Each year the governing board, in person or through appropriate representatives, shall seek input at an open public meeting with the school’s parents, teachers, administrators, other school staff, and pupils, as appropriate (the “school community”), at or near that school’s site, about how CETF funds will be used at that school and why.

(b) Following that meeting, the LEA or its appropriate representatives shall offer a written recommendation for use of CETF funds at a second open public meeting at or near the school site at which the school community is given an opportunity to respond to the LEA’s recommendation.

(c) The governing board shall ensure that, during the decisionmaking process regarding use of CETF funds, all members of the school community are provided an opportunity to submit input in writing or online.

(d) At the time it makes its decision about the use of the funds each year, the governing board shall explain, publicly and online, how its proposed expenditures of CETF funds will improve educational outcomes and how the board will determine whether those improved outcomes have been achieved.

14811. (a) As a condition of receiving any CETF funds, each LEA shall establish a separate account for the receipt and expenditure of those moneys, which account shall be clearly identified as the California Education Trust Fund account. Each LEA shall allocate and spend the funds in that account so as to ensure proper disbursed and expended as required by this part. This requirement shall be added to the audit guide requirements for school districts and shall be part of the audit reports annually reviewed and monitored by the Controller pursuant to Section 14504.

(c) LEAs shall annually prepare and post on their Internet Web sites, within 60 days after the close of each school year, a clear and transparent report of exactly how CETF funds were spent at each of the schools within their jurisdiction, what the goals for those expenditures were as relayed to the school community under Section 14810, and the extent to which they achieved the goals established. The Superintendent shall provide a link on his or her Internet Web site that enables community members and researchers to access all such reports statewide within two weeks after they are posted by LEAs.

14812. (a) Beginning with the 2012–13 school year, as a condition of receiving CETF funds, the governing board of each LEA that receives funds under this act shall create and publish online a budget for every school within the LEA’s jurisdiction that compares actual funding and expenditures for that school from the prior fiscal year with the budgeted funding and expenditures for that school for the current fiscal year. The Internet Web site of the Superintendent shall provide a link enabling community members and researchers to access all such budgets statewide, for current and past years, dating back to the 2012–13 school year. The budget shall show the source and amount of all funds being spent at the school, including, but not limited to, funds provided under this act, and how each source category of funds is being spent. The budget shall be in a uniform format designed and approved by the Superintendent. Expenditures shall be reported overall per pupil and by average teacher salary, as well as by instruction, instructional support, administration, maintenance, and other important categories. The State Department of Education shall require and ensure that school districts and schools uniformly report expenditures by appropriate category and uniformly distinguish between school and school district expenditures. The budget shall also include personnel costs described by number, type, and seniority of personnel and use actual salary and benefit figures for employees at the school without any individual identifying information. Each K–12 school receiving money from the California Education Trust Fund shall also include these funds as a separate section in a single school plan that substantially meets the criteria of subdivisions (d), (f), and (h) of Section 64001.

(b) Allocations from the California Education Trust Fund are intended to provide pupils with additional support and programs beyond those currently provided from other state, local, and federal sources. Beginning in the 2013–14 fiscal year, LEAs shall make every reasonable effort to maintain, from funds other than those provided under this act, per-pupil expenditures at each of their schools at least equal to the 2012–13 fiscal year per-pupil expenditures, adjusted for changes in the cost of living. This shall be known as the “maintenance of effort target” for that school. The uniform schoolsite budget required by subdivision (a) shall include a clear statement of what the per-pupil expenditures were at that school in 2012–13 fiscal year per funds other than those provided under this act, and a projection of what those expenditures would be for the current school year if the school had annually met its maintenance of effort target. If in any year an LEA cannot meet its maintenance of effort target for any of its schools, the LEA shall explain why in its schoolsite budget for that school and shall discuss that explanation at a public
meeting to be held at or near the schoolsite pursuant to Section 14810. At that meeting, officials from the LEA shall address why it is not possible to meet the maintenance of effort target for that particular school, and how the agency proposes to keep the failure to meet the target from having a negative impact on pupils and their families.

14813. (a) Funds allocated pursuant to subdivision (a) of Section 14802.1 and CETF funds that are determined by the Fiscal Oversight Board to exceed both available revenues and the board and Controller’s actual reimbursable costs pursuant to Section 14803 shall be transferred on a quarterly basis by the Controller to the Education Debt Service Fund, which is hereby created in the State Treasury. Education Debt Service Fund moneys are held in trust and, notwithstanding Section 13340 of the Government Code, are continuously appropriated, without regard to fiscal years, for the exclusive purposes set forth in this section.

(b) Moneys in the Education Debt Service Fund shall be used solely to pay debt service on bonds, or to redeem or defease bonds, maturing in a subsequent fiscal year, that either (1) were or are issued by the state for the construction, reconstruction, rehabilitation, or replacement of pre-kindergarten through university school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for such school facilities (“school bonds”); or (2) to the limited extent permitted by subdivision (c), were or are issued by the state for children’s hospital or other general obligation bonds.

(c) From moneys transferred to the Education Debt Service Fund, the Controller shall transfer, as an expenditure reduction to the General Fund, amounts necessary to offset the cost of current-year debt service payments made from the General Fund on school bonds, children’s hospital, or other general obligation bonds, or to redeem or defease school bonds, children’s hospital, or other general obligation bonds, as directed by the Director of Finance; provided, however, that no funds in the Education Debt Service Fund shall be used to offset the cost of current-year debt service payments on children’s hospital or other general obligation bonds, or to redeem or defease children’s hospital or other general obligation bonds, until and unless the Controller, at the direction of the Director of Finance, has first fully reimbursed the General Fund for the cost of current-year debt service payments on all outstanding school bonds. Funds so transferred shall not constitute General Fund proceeds of taxes appropriated pursuant to Article XIII B of the California Constitution, for purposes of Section 8 of Article XVI of the California Constitution.

14814. (a) No later than six months following the end of each fiscal year, the Fiscal Oversight Board shall cause an independent audit to be conducted of the California Education Trust Fund and shall submit to the Legislature and the Governor, and shall post prominently on the Internet Web site of the Fiscal Oversight Board, with a link to the report clearly displayed on the Superintendent’s home page, both the full audit report and an easily understandable summary of the results of that audit. The report shall include an accounting of all proceeds of the personal tax increments established pursuant to Section 17041.1 of the Revenue and Taxation Code, all transfers of those proceeds to the California Education Trust Fund, a listing of the amount of funds received from the California Education Trust Fund that fiscal year by each LEA and each school within that LEA’s jurisdiction, and a summary, based on the reports required of all LEAs by subdivision (c) of Section 14811, showing the way each LEA used the funds at each of its schools and the results the LEA was seeking and achieved.

(b) The Superintendent, in consultation with the Fiscal Oversight Board, shall design and provide to each LEA and ECE provider a form or format for ensuring uniform reporting of the information required for the audit report.

(c) The costs of performing the annual audit, and of creating, distributing, and collecting the required reports, shall be determined by the Fiscal Oversight Board to ensure prudent use of funding while ensuring the intent of this act is carried out. Such costs shall be included within the items whose actual cost may be paid for by CETF funds pursuant to subdivision (b) of Section 14802.

(d) In the course of performing and reporting on the annual audit, the independent auditor shall promptly report to the Attorney General and the public any suspected allocation or use of funds in contravention of this act, whether by the Fiscal Oversight Board or its agents, or by any LEA.

(e) Every officer charged with the allocation or distribution of funds pursuant to Sections 14803, 14804, 14805, 14806, and 14807 who knowingly fails to allocate or distribute the funds to each LEA and each local school on a per-pupil basis as specified in those sections is guilty of a felony subject to prosecution by the Attorney General, or if he or she fails to act promptly, the district attorney of any county, pursuant to subdivision (b) of Section 425 of the Penal Code. The Attorney General, or if the Attorney General fails to act, the district attorney of any county, shall expeditiously investigate and may seek criminal penalties and immediate injunctive relief for any allocation or distribution of funds in contravention of Sections 14803, 14804, 14805, 14806, and 14807.

SEC. 5. Section 46305 of the Education Code is amended to read:

46305. Each elementary, high school, and unified school district, and each independent charter school, county office of education, and state-run school, shall report to the Superintendent of Public Instruction on forms prepared by the Department of Education in addition to all other attendance data as required, the active enrollment as of the third Wednesday of each school month and the actual attendance on the third Wednesday of each school month; except that if such day is a school holiday, the active enrollment and actual attendance of the first immediate preceding schoolday shall be reported. “Active enrollment” on a day a count is taken means the pupils on school rolls plus all later enrollees, minus all withdrawals since that day. Pupils who have not been in attendance for at least one day between the first day of the school year or the first schoolday immediately following the next preceding day for which a count was taken pursuant to this section, whichever is later, and the day the count is being taken, inclusive. The Superintendent may, as necessary, modify the collection dates or methodologies
in order to reduce any local educational agency’s administrative duties in the implementation of this section.

SEC. 6. Chapter 1.8 (commencing with Section 8160) is added to Part 6 of Division 1 of Title 1 of the Education Code, to read:

Chapter 1.8. Early Childhood Quality Improvement and Expansion Program

8160. The following definitions shall apply throughout this chapter:

(a) The term “early care and education program” or “ECE program” mean any state-funded or state-subsidized preschool, child care, or other state-funded or state-subsidized early care and education program for children from birth to kindergarten eligibility, including but not limited to programs supported in whole or in part with funds from the California Children and Families Trust Fund. Where an ECE program is not funded exclusively with state funds, the term “ECE program” means that portion of the program that is state funded.

(b) The term “ECE provider” or “provider” means any person or agency legally authorized to deliver an ECE program.

(c) The term “take-up rates” means the degree to which ECE providers apply for and are granted program funding under the provisions of this chapter.

(d) The term “reimbursement rate” means the per-child payment ECE providers receive on behalf of eligible families from state funds to cover their costs in providing ECE services.

(e) The term “ECE funds” means the funds allocated to early care and education pursuant to Sections 14803 and 14804.

(f) The term “SAE funds” means funds set aside for strengthening and expanding ECE programs pursuant to subdivision (b) of Section 8161.

(g) The term “highly at-risk children” means children who are from low-income birth families, low-income foster families, or low-income group homes and who also (1) are in foster care or have been referred to Child Protective Services; (2) are the children of young parents who are themselves in foster care; or (3) are otherwise abused, neglected, or exploited, or probably in danger of being abused, neglected, or exploited, as shall be further defined by the Superintendent.

8161. ECE funds shall be allocated annually to the Superintendent to be used as follows:

(a) No more than 23 percent of the ECE funds shall be used as follows:

(1) Three hundred million dollars ($300,000,000) for existing ECE programs to restore funding to fiscal year 2008–09 levels in proportion to reductions made to each ECE program in fiscal years 2009–10 through 2012–13, inclusive, subject to the following:

(A) Restoration shall apply equally to all types of reductions, whether accomplished by reduced child eligibility, reduced reimbursement rates, reduction in contract amounts, reduction in number of contracts let, or otherwise.

(B) To the extent the Superintendent is required to allocate funds to the State Department of Social Services or any successor agency to accomplish this restoration of funds, he or she shall do so.

(C) If the Superintendent and the State Department of Social Services jointly find that any funds cannot be restored due to shortfalls in take-up rates, those funds shall be used to increase the baseline quality reimbursement rates established pursuant to subdivision (b) of Section 8168.

(2) Five million dollars ($5,000,000) to the Community Care Licensing Division of the State Department of Social Services, or any successor agency, to increase the frequency of licensing inspections of ECE providers beyond fiscal year 2011–12 levels under terms agreed upon by the Superintendent and the State Department of Social Services or any successor agency by no later than July 1, 2013.

(3) Up to ten million dollars ($10,000,000) to develop and implement the database established pursuant to Section 8171 to track the educational progress of children who have participated in the state’s ECE programs.

(4) Forty million dollars ($40,000,000) to develop, implement, and maintain the Early Learning Quality Rating and Improvement System (“the QRIS system”) established pursuant to Article 4 (commencing with Section 8167). Funds provided by this section shall not be used for increases in provider reimbursement rates or other provider compensation, but rather for the design, implementation, and evaluation of the system, for ECE provider assessment and skills development, for improving and expanding the ECE skills development programs offered by community colleges and other high-quality trainers, for data keeping and analysis, and for communication with the public about the quality levels being achieved by ECE providers.

(5) The amounts set forth in paragraphs (1) to (4), inclusive, shall be adjusted annually by the inflation adjustment calculated pursuant to subdivision (b) of Section 42238.1 as it read on the date of enactment of this section.

(6) In any year in which ECE funds are insufficient to cover the requirements of paragraphs (1), (3), and (4), the amounts required by those paragraphs shall be reduced pro rata.

(b) After allocating the restoration and system improvement funds provided in subdivision (a), the Superintendent shall use the remaining ECE funds, to be known as “the SAE funds” pursuant to subdivision (f) of Section 8160, to strengthen and expand ECE programs as set forth in this chapter.

(c) ECE funds allocated to the Superintendent shall be spent for the purposes provided in this chapter within one year of their receipt by the Superintendent. The Fiscal Oversight Board established pursuant to Section 14802 shall annually recover any unspent funds, and they shall again become part of the ECE funds, to be re-allocated pursuant to this chapter.

8162. (a) Except as may be required by federal law, any child’s eligibility for any ECE program, including, but not limited to, any ECE program established, improved, or expanded with funds allocated under this chapter, shall be established once annually upon the child’s enrollment in the program. Subsequent to enrollment, a child shall be deemed eligible to participate in the program for the remainder of the program year, and then may re-establish eligibility in subsequent years on an annual basis.

(b) Beginning in the 2013–14 fiscal year, the annual appropriation for ECE programs as a percentage of the General
Fund shall not be reduced as a result of funds allocated pursuant to this act below the percentage of General Fund revenues appropriated for ECE programs in the 2012–13 fiscal year.

8163. The Superintendent shall allocate SAE funds as follows:

(a) Twenty-five percent of the SAE funds shall be allocated for the benefit of children aged birth to three years pursuant to this subdivision as follows:

(1) Up to 1 percent of the SAE funds shall be allocated to raise the reimbursement rate in contracted group care programs for children younger than 18 months of age to the baseline quality reimbursement rate established pursuant to subdivision (b) of Section 8168.

(2) Up to 2½ percent of the SAE funds, as take-up rates permit, shall be allocated to increase reimbursement rates above 2012–13 fiscal year rates through a supplement provided under the QRIS system for those ECE programs and providers serving children aged birth to three years that improve their quality standards under the QRIS system or demonstrate that they already meet a QRIS quality standard higher than the baseline quality standard established pursuant to subdivision (b) of Section 8168.

(3) Twenty-one and one-half percent of the SAE funds shall be allocated to the California Early Head Start program established pursuant to Article 2 (commencing with Section 8164). No less than 35 percent of the SAE funds allocated to the California Early Head Start program under this paragraph shall be used specifically for strengthening parents and other caregivers pursuant to subdivision (d) of Section 8164.

(b) Seventy-five percent of the SAE funds shall be used to expand and strengthen preschool programs for children of three to five years of age, as set forth in Article 3 (commencing with Section 8165).

(c) No more than 3 percent of the SAE funds shall be spent for administrative costs incurred at the state level.

(d) No more than 15 percent of the funding an ECE provider receives from SAE funds shall be used for re-purposing, renovation, development, maintenance or rent, and lease expense for an appropriate program facility. The Superintendent shall promulgate appropriate regulations to oversee and structure appropriate use of SAE funds for facilities.

Article 2. California Early Head Start Program

8164. Using the funds allocated pursuant to paragraph (3) of subdivision (a) of Section 8163, the Superintendent shall develop and implement the California Early Head Start program to expand care for children aged birth to three years as follows:

(a) The program shall be under the ongoing regulation and control of the Superintendent, but it shall be modeled on the federal Early Head Start program established pursuant to Section 9840a of Title 42 of the United States Code. In consultation with the Early Learning Advisory Council (ELAC) described in Section 8167, the Superintendent shall ensure that, at minimum, the California Early Head Start program complies with all content and quality standards and requirements in place as of November 2011, for the federal Early Head Start program. The Superintendent may adopt subsequent federal Early Head Start program standards and requirements at his or her discretion.

(b) Funds used for the California Early Head Start program shall not be used to supplant money currently spent on any other state or federal program for children aged birth to three years.

(c) The Superintendent shall adopt the same eligibility standards used by the federal Early Head Start program as of November 2011; provided, however, that highest priority for enrollment shall go first to highly at-risk children as defined in paragraph (1) of subdivision (g) of Section 8160, then to highly at-risk children as defined in paragraph (2) of subdivision (g) of Section 8160, and then to highly at-risk children as defined in paragraph (3) of subdivision (g) of Section 8160.

(d) In addition to providing high-quality group care in licensed centers and family child care homes, the California Early Head Start program shall provide services to families and caregivers of children who are not enrolled in a California Early Head Start group care setting. These services shall be designed to strengthen the capacity of parents and caregivers of children aged birth to three years to improve the care, education, and health of very young children both in group care settings and at home. Services may include any of those that may be offered to families of federal or California Early Head Start group care enrollees, including but not limited to voluntary home visits, early developmental screenings and interventions, family and caregiver literacy programs, and parent and caregiver trainings. Among programs provided to caregivers pursuant to this subdivision, priority shall go to programs for license-exempt family, friend, and neighbor providers.

(e) In consultation with ELAC, the Superintendent shall establish quality standards for the services provided under subdivision (d), incorporating the standards and training regimens of the federal Early Head Start program. The Superintendent shall coordinate with other public agencies that operate similar programs to ensure uniform standards across these programs.

(f) California Early Head Start funds may be used to expand the number of children served by existing ECE programs for children aged birth to three years, provided that the programs meet the quality standards described in subdivisions (a) and (e) and the children served meet the eligibility criteria of subdivision (c).

(g) At least 75 percent of the group care spaces created statewide with California Early Head Start funds shall provide full-day, full-year care.

Article 3. Strengthening and Expanding Preschool Programs

8165. (a) SAE funds allocated to strengthen and expand preschool programs for three-to-five-year olds pursuant to subdivision (b) of Section 8163 shall be allocated as follows:

(1) Up to 8 percent of SAE funds, as take-up rates permit, to increase reimbursement rates above 2012–13 fiscal year rates through a supplement provided under the QRIS system for those ECE programs and providers serving children three to five years of age that improve their quality standards under the QRIS system or demonstrate that they already meet a QRIS quality standard higher than the baseline quality standard established pursuant to subdivision (b) of Section 8168.
(2) The remainder, no less than 67 percent of all SAE funds, shall be used to expand the number of children served by high-quality preschool programs for three- to five-year-olds in licensed or K–12 based programs that meet the two highest quality ratings established under the QRIS system. Until the statewide QRIS is established and able to assess the quality of significant numbers of programs, the Superintendent may issue temporary regulations authorizing use of the expansion funds described in this subdivision for programs otherwise shown to meet high-quality standards, including but not limited to programs having ratings in the top two tiers of pre-existing local or regional QRIS systems, programs with nationally recognized quality accreditations, or programs meeting the quality standards applicable to transitional kindergarten. QRIS program standards shall be established and publicly available no later than January 1, 2014. Providers qualified under the Superintendent’s temporary regulations shall receive priority for evaluation under the new system. The temporary regulations shall sunset on January 1, 2015, and the provisionally certified providers shall then, to retain funding, be qualified under the established QRIS program standards by no later than January 1, 2017.

(3) At least 65 percent of the new spaces created statewide pursuant to paragraph (2), shall be full-day, full-year spaces, which may be created solely through this chapter or by combining funding from two or more sources to create a combined schoolday, after school, and summer enrichment program.

(b) Children shall be deemed to be “three to five years of age” and thus eligible for programs funded pursuant to paragraph (2) of subdivision (a), if they are three or four years old as of September 1 of the school year in which they are enrolled in the programs and are not yet eligible to attend kindergarten.

8166. (a) Using data from the United States Census Bureau, the Superintendent shall disburse the funds allocated pursuant to paragraph (2) of subdivision (a) of Section 8165 (the “preschool expansion funds”) according to an income-ordered list of all California neighborhoods, starting with the lowest income neighborhood and progressing as far up the list of neighborhoods by income as the preschool expansion funds permit, as follows:

(1) The Superintendent shall create a neighborhood list based on median household income and on neighborhoods as defined by ZIP Codes or an equivalent geographic unit. Throughout this section, the term “neighborhood” means a ZIP Code or equivalent geographic unit included in the neighborhood list. Using available data on ECE availability, the Superintendent shall identify annually the neighborhoods and school districts within which children live who are age-eligible for preschool expansion funds and who do not currently have access to an ECE program or a transitional kindergarten program.

(2) For each ZIP Code or equivalent geographic unit, the Superintendent shall determine the number of eligible, unserved children and inform the school district, the licensed Family Child Care Home Education Networks (“licensed networks”), the licensed center-based ECE providers, and the providers of federal Head Start or other federal ECE programs (“federal providers”) operating within the ZIP Code or equivalent geographic unit that they are eligible to expand their programs to serve these children, and solicit applications from them for preschool expansion funding. To be eligible for funding, applicants shall be able and willing to serve the eligible children for whom they are applying in the first school year following notification of eligibility.

(3) Licensed networks, licensed center-based ECE programs, and federal providers operating within the ZIP Code or other geographic unit shall have priority if there are duplicate applications for the same eligibility. By awarding priority to joint applications, the Superintendent shall encourage school districts, licensed networks, licensed center-based ECE providers, and federal providers in eligible areas to cooperate in a joint application that maximizes the strengths of all programs and minimizes disputes. If the eligible school district, the eligible networks, the eligible center-based programs, and the federal providers are all unable or decline to serve children they are eligible to serve, or any of them, the Superintendent shall request proposals from alternative qualified local educational agencies, licensed networks, licensed center-based ECE providers, and federal providers to serve the eligible children. In seeking alternative qualified providers, the Superintendent shall communicate, specifically but without limitation, with alternative payment providers working in the county where the eligible children reside.

(4) Attendance at preschool, including preschool programs established or expanded pursuant to this chapter, is voluntary. Unfilled spaces that have been offered in any ZIP Code or equivalent geographic unit for three consecutive years, with effective outreach throughout the eligible community, but have still not been filled, may be deemed declined, and may be offered to the next highest income neighborhood on the neighborhood list.

(5) At least once every five years, the Superintendent shall review which spaces have been deemed declined and shall restore lost eligibility to any neighborhood to the extent changed conditions indicate that the spaces would now be filled.

(b) Children will be eligible to attend programs funded with preschool expansion funds upon proving either that they reside in an eligible ZIP Code or equivalent geographic unit or that their families meet the income eligibility requirements of any existing means-tested ECE program; provided, however, that highest priority for enrollment shall go first to highly at-risk children as defined in paragraph (1) of subdivision (g) of Section 8160, then to highly at-risk children as defined in paragraph (2) of that subdivision, and then to highly at-risk children as defined in paragraph (3) of that subdivision.

Article 4. California Early Learning Quality Rating and Improvement System

8167. As used in this article, the term “Early Learning Advisory Council” (ELAC) means the Early Learning Advisory Council established pursuant to Executive Order S-23-09 or any successor agency.

8168. (a) Taking into consideration the report and recommendations prepared by the California Early Learning Quality Improvement System Advisory Committee in 2010, the Superintendent, in consultation with ELAC, shall develop and
implement an Early Learning Quality Rating and Improvement System (QRIS system) by no later than January 1, 2014, that includes all of the following:

(1) A voluntary quality rating scale available to all ECE programs, including preschool, that serve children from birth to five years of age, inclusive, including preschool age children, infants, and toddlers. The quality rating scale shall give highest priority to those features of ECE programs that have been demonstrated to contribute most effectively to young children’s healthy social and emotional development and readiness for success in school.

(2) A voluntary assessment and skills-development program to help ECE providers increase the quality ratings of their programs under the QRIS system.

(3) A method for increasing reimbursement rates above 2011–12 fiscal year rates through a supplement provided for ECE programs and providers that improve their ratings or verify that they already meet higher ratings standards under the QRIS system.

(4) A means by which parents and caregivers receive accurate information about the quality and type of program in which their children are enrolled or may be enrolled, including prompt publication of the quality ratings of programs and providers conducted pursuant to the QRIS system.

(b) The Superintendent, in consultation with ELAC, shall also establish baseline quality reimbursement rates that are sufficient to cover the cost of providing ECE programs at the quality standards applicable to those programs under the laws and regulations that governed those programs as of November 1, 2012 (the “baseline quality reimbursement rate”). If any current reimbursement rate is below the baseline quality reimbursement rate, the Superintendent may use any funds available under subdivision (c) of paragraph (1) of section 8163, to increase that reimbursement rate.

8169. (a) ELAC and the Superintendent shall collaborate with local planning councils, the First 5 California Commission, and each county First 5 commission to develop and oversee the QRIS, the California Early Head Start program, and preschool expansion programs established pursuant to Article 2 (commencing with Section 8164), Article 3 (commencing with Section 8165), and this article. These persons and entities shall work together to utilize local, state, federal, and private resources, including resources available pursuant to the California Children and Families Act of 1998 (Division 108 commencing with Section 130100) of the Health and Safety Code, as part of a comprehensive effort to advance the efficiency, educational and developmental effectiveness, and community responsiveness of the ECE system.

(b) ELAC shall hold at least one joint public meeting each year in each region of the state with the region’s local planning councils and the region’s county First 5 commissions (alternatively known as California Children and Families Commissions) to receive public input and report on the progress of the programs established pursuant to this act.

(c) Funds provided under paragraph (4) of subdivision (a) of Section 8161 may be used to fund the collaboration and convening activities required by this section.

8170. (a) The Superintendent shall account for moneys received pursuant to this chapter separately from all other moneys received or spent and shall, within 90 days after the close of each fiscal year, prepare an annual report that lists the ECE programs that received funding with their quality ratings as available; the amounts each program received; the number of children they served; the types of services the children received; and the child outcomes achieved as available. The Superintendent shall post the report as soon as it is prepared on the Superintendent’s Internet Web site and provide a link to it on his or her home page. The report shall be included in the report issued pursuant to Section 8236.1. The Fiscal Oversight Board shall verify the contents of the report and include it in the annual audit report required by subdivision (a) of Section 14814.

(b) The Superintendent shall also do all of the following:

(1) Monitor the award of contracts to ensure that ECE providers meet quality standards.

(2) Ensure uniform financial reporting and independent annual audits for all ECE providers receiving funds under this chapter.

(3) Receive, investigate, and act upon complaints regarding any aspect of the programs established pursuant to this chapter.

8171. (a) By no later than July 1, 2014, the Superintendent shall ensure that every child aged birth to five years who participates in an ECE program is assigned a unique identifier that is recorded and maintained as part of a statewide Early Education Services Database.

(b) The Early Education Services Database shall be an integral part of the California Longitudinal Pupil Achievement Data System (CALPADS), or any successor pupil-level data system that can trace a child’s educational path from birth to 18 years of age, so that any child’s full educational history, including ECE participation, will be automatically accessible through the child’s unique identifier.

(c) At a minimum, the Early Education Services Database shall include all of the following for each child:

(1) The child’s ZIP Code of residence each year.

(2) What ECE services the child received each year, such as whether the child attended a full or part-day program.

(3) The setting in which the ECE services were delivered.

(4) The agency that delivered the ECE services.

(5) The QRIS rating and any other quality rating available for that ECE provider.

(6) The child’s kindergarten-readiness assessment, if available, including, but not limited to, the child’s primary home language, level of fluency, and whether the child was screened for early intervention.

(d) CALPADS shall be reimbursed for its actual cost of implementing this section, up to the annual amount allocated in paragraph (3) of subdivision (a) of Section 8161.

8172. The Superintendent shall issue regulations, including emergency regulations, in order to implement this chapter.

SEC. 7. Section 425 of the Penal Code is amended to read:

425. (a) Every officer charged with the receipt, safe
(b) Every officer charged with the allocation or distribution of funds pursuant to Sections 14803, 14804, 14805, 14806, and 14807 of the Education Code who knowingly fails to allocate or distribute the funds to each local educational agency or each local school on a per-pupil basis as specified in those sections is guilty of a felony, subject to prosecution by the Attorney General or, if he or she fails to act promptly, the district attorney of any county. The Attorney General or, if the Attorney General fails to act, the district attorney of any county, shall expeditiously investigate and may seek criminal penalties and immediate injunctive relief for any allocation or distribution of funds in contravention of Sections 14803, 14804, 14805, 14806, and 14807 of the Education Code. Any person guilty of violating this subdivision shall be punished pursuant to Section 18 and shall be disqualified from holding any office in this state.

PROPOSED LAW

THE CALIFORNIA CLEAN ENERGY JOBS ACT

SECTION 1. The people of the State of California do hereby find and declare all of the following:

(1) California is suffering from a devastating recession that has thrown more than a million Californians out of work.

(2) Current tax law both discourages multistate companies from locating jobs in California, and puts job-creating California companies at a competitive disadvantage.

(3) To address this problem, most other states have changed their laws to tax multistate companies on the percent of sales in that state, a tax approach referred to as the “single sales factor.”

(4) If California were to adopt the single sales factor approach, the independent Legislative Analyst’s Office estimates that state revenues would increase by as much as $1.1 billion per year and create a net gain of 40,000 California jobs.

(5) In addition, by dedicating a portion of increased revenue to job creation in the energy efficiency and clean energy sectors, California can create tens of thousands of additional jobs right away, reducing unemployment, improving our economy, and saving taxpayers money on energy.

(6) Additional revenue would be available to public schools consistent with current California law.

SEC. 2. Division 16.3 (commencing with Section 26200) is added to the Public Resources Code, to read:

DIVISION 16.3. CLEAN ENERGY JOB CREATION

CHAPTER 1. GENERAL PROVISIONS

26200. This division shall be known and may be cited as the California Clean Energy Jobs Act.

26201. This division has the following objectives:
(a) Create good-paying energy efficiency and clean energy jobs in California.

(b) Put Californians to work repairing and updating schools and public buildings to improve their energy efficiency and make other clean energy improvements that create jobs and save energy and money.

(c) Promote the creation of new private sector jobs improving the energy efficiency of commercial and residential buildings.

(d) Achieve the maximum amount of job creation and energy benefits with available funds.

(e) Supplement, complement, and leverage existing energy efficiency and clean energy programs to create increased economic and energy benefits for California in coordination with the California Energy Commission and the California Public Utilities Commission.

(f) Provide a full public accounting of all money spent and jobs and benefits achieved so the programs and projects funded pursuant to this division can be reviewed and evaluated.

CHAPTER 2. CLEAN ENERGY JOB CREATION FUND

26205. The Clean Energy Job Creation Fund is hereby created in the State Treasury. Except as provided in Section 26208, the sum of five hundred fifty million dollars ($550,000,000) shall be transferred from the General Fund to the Job Creation Fund in fiscal years 2013–14, 2014–15, 2015–16, 2016–17, and 2017–18. Moneys in the fund shall be available for appropriation for the purpose of funding projects that create jobs in California improving energy efficiency and expanding clean energy generation, including all of the following:

(a) Schools and public facilities:
   (1) Public schools: Energy efficiency retrofits and clean energy installations, along with related improvements and repairs that contribute to reduced operating costs and improved health and safety conditions, on public schools.
   (2) Universities and colleges: Energy efficiency retrofits, clean energy installations, and other energy system improvements to reduce costs and achieve energy and environmental benefits.
   (3) Other public buildings and facilities: Financial and technical assistance including revolving loan funds, reduced interest loans, or other financial assistance for cost-effective energy efficiency retrofits and clean energy installations on public facilities.

(b) Job training and workforce development: Funding to the California Conservation Corps, Certified Community Conservation Corps, YouthBuild, and other existing workforce development programs to train and employ disadvantaged youth, veterans, and others on energy efficiency and clean energy projects.

(c) Public-private partnerships: Assistance to local governments in establishing and implementing Property Assessed Clean Energy (PACE) programs or similar financial and technical assistance for cost-effective retrofits that include repayment requirements. Funding shall be prioritized to maximize job creation, energy savings, and geographical and economic equity. Where feasible, repayment revenues shall be used to create revolving loan funds or similar ongoing financial assistance programs to continue job creation benefits.

26206. The following criteria apply to all expenditures from the Job Creation Fund:

(a) Project selection and oversight shall be managed by existing state and local government agencies with expertise in managing energy projects and programs.

(b) All projects shall be selected based on in-state job creation and energy benefits for each project type.

(c) All projects shall be cost effective: total benefits shall be greater than project costs over time. Project selection may include consideration of non-energy benefits, such as health and safety, in addition to energy benefits.

(d) All projects shall require contracts that identify the project specifications, costs, and projected energy savings.

(e) All projects shall be subject to audit.

(f) Program overhead costs shall not exceed 4 percent of total funding.

(g) Funds shall be appropriated only to agencies with established expertise in managing energy projects and programs.

(h) All programs shall be coordinated with the California Energy Commission and the California Public Utilities Commission to avoid duplication and maximize leverage of existing energy efficiency and clean energy efforts.

(i) Eligible expenditures include costs associated with technical assistance, and with reducing project costs and delays, such as development and implementation of processes that reduce the costs of design, permitting or financing, or other barriers to project completion and job creation.

26208. If the Department of Finance and the Legislative Analyst jointly determine that the estimated annual increase in revenues as a result of the amendment, addition, or repeal of Sections 25128, 25128.5, 25128.7, and 25136 of the Revenue and Taxation Code is less than one billion one hundred million dollars ($1,100,000,000), the amount transferred to the Job Creation Fund shall be decreased to an amount equal to one-half of the estimated annual increase in revenues.

CHAPTER 3. ACCOUNTABILITY, INDEPENDENT AUDITS, PUBLIC DISCLOSURE

26210. (a) The Citizens Oversight Board is hereby created.

(b) The board shall be composed of nine members: three members shall be appointed by the Treasurer, three members by the Controller, and three members by the Attorney General. Each appointing office shall appoint one member who meets each of the following criteria:

   (1) An engineer, architect, or other professional with knowledge and expertise in building construction or design.

   (2) An accountant, economist, or other professional with knowledge and expertise in evaluating financial transactions and program cost-effectiveness.

   (3) A technical expert in energy efficiency, clean energy, or energy systems and programs.

(c) The California Public Utilities Commission and the California Energy Commission shall each designate an ex officio member to serve on the board.

(d) The board shall do all of the following:
(1) Annually review all expenditures from the Job Creation Fund.

(2) Commission and review an annual independent audit of the Job Creation Fund and of a selection of projects completed to assess the effectiveness of the expenditures in meeting the objectives of this division.

(3) Publish a complete accounting of all expenditures each year, posting the information on a publicly accessible Internet Web site.

(4) Submit an evaluation of the program to the Legislature identifying any changes needed to meet the objectives of this division.

Chapter 4. Definitions

26220. The following definitions apply to this division:

(a) “Clean energy” means a device or technology that meets the definition of “renewable energy” in Section 26003, or that contributes to improved energy management or efficiency.
